PUBLIC UTILITIES AND SERVICES:

The full range of urban services can be provided to this site upon further development.

ANALYSIS, EVALUATION AND CONCLUSION:

The petitioners are seeking to annex this property to the City of Madison and have no specific development proposal for review. The property owners have requested the annexation in order to proceed with the process of development of this land that will require urban services from the City of Madison. The area on the north side of Cottage Grove Road from this property is developing rapidly within the City of Madison with predominantly new residential development. The land to the west along Cottage Grove Road was annexed to the City last month.

This land is not within the Central Urban Service Area. The applicants are aware that prior to any further development occurring on this site, several things need to occur. The applicant and City staff need to work on preparing a development concept plan, the land needs to be added to the Central Urban Service Area, appropriate zoning and subdivisions must be approved. No timeline has been determined for these elements. The land will be assigned a temporary zoning of Agriculture upon annexation.

RECOMMENDATIONS:

The Planning Unit recommends that the Plan Commission forward this petition for direct annexation and the annexation ordinance to the Common Council with a favorable recommendation.
