- NOTES FROM PLAT OF GLACIER VALLEY:**
- Development of Lot 11 shall comply with NR151 infiltration regulations.
 - All lots with this plat are subject to a non-exclusive easement for drainage purposes and shall be a minimum 6 feet in width measured from the property line to the interior of each lot except that the easement shall be 12 feet in width on the perimeter of the plat. Easements shall not be required on property lines shared with greenways or public streets.
 - The intra-block drainage easements shall be graded with the construction of each principal structure in accordance with the approved stormwater drainage plan on file with the City Engineer and the Zoning Administrator or amended in accordance with the Madison General Ordinances.
 - Lots 1 - 11 are subject to the provisions of the aesthetic management zone.
 - Lot 11 is subject to provisions of the backyard planting zone as specified in the adopted High Point - Raymond Road Neighborhood Development Plan.

- NOTES:**
- I found a chiseled cross in concrete and ties representing the West 1/4 corner of Section 2, T06N, R08E as established on tie sheet by Chris W. Adams, dated May 4, 2016, and that the points as referenced on said tie sheet are still intact.
 - I found and accepted a 2" iron pipe monument and ties representing the Center of Section 2, T06N, R08E as established on tie sheet by Carl M. Sandnes, dated April 21, 2004, and that the points as referenced on said tie sheet are still intact.
 - I found and accepted a Brass Cap monument and ties representing the East 1/4 corner of Section 2, T06N, R08E as established on tie sheet by Carl M. Sandnes, dated February 16, 2004, and that the points as referenced on said tie sheet are still intact.
 - All lots created by this Plat are individually responsible for compliance with Chapter 37 of the Madison General Ordinances in regard to storm water management at the time they develop.
 - No changes in drainage patterns associated with development on any or all lots within this Plat shall be allowed without prior approval of the City Engineer.
 - Lots/buildings within this subdivision/development are subject to impact fees that are due and payable at the time building permit(s) are issued.
 - Public Utility Easements and Public Gas Main Easements as herein set forth are for the use by Public Bodies and Private Public Utilities having the right to serve the area.
 - All lots within said plat/certified survey shall be subject to public easements for drainage purposes which shall be a minimum of six feet in width measured from the property line to the interior of each lot except that the easements shall be 12 feet in width on the perimeter of the plat/certified survey. For purposes of two (2) or more lots combined for a single development site, or where two (2) or more lots have a shared driveway agreement, the public easement for drainage purposes shall be a minimum of six (6) feet in width and shall be measured only from the exterior property lines of the combined lots that create a single development site, or have a shared driveway agreement, except that the easement shall be twelve (12) feet in width along the perimeter of the plat/certified survey. Easements shall not be required on property lines shared with greenways or public streets. No buildings, driveways, or retaining walls shall be placed in any easement for drainage purposes. Fences may be placed in the easement only if they do not impede the anticipated flow of water. In the event of a City of Madison Plan Commission and/or Common Council approved revision of a previously subdivided property, the underlying public easements for drainage purposes are released and replaced by those required and created by the current approved subdivision.
