The Alcohol License Review Committee on April 15, 2015 recommended approval for a change in licensed premise for the existing alcohol license on the property. This was granted by the Common Council on May 5, 2015. The restaurant has a total capacity of 80, with a capacity for 20 in the proposed outdoor eating area, pending approval of the conditional use.

Project Description, Analysis, and Conclusion

The applicant requests approval for an outdoor eating area for up to 20 patrons on the private sidewalk in front of an existing restaurant/tavern, Cuco's. The small area proposed for outdoor eating is located at least 250 feet from the nearest residence, which is behind the building and thus shielded from noise impacts. The nearest single-family home is 300 feet to the east, across the railroad right of way.

Hours of operation for the restaurant are 11:00 am to 9:00 pm weekdays and 11:00 am to 10:00 pm on Fridays and Saturdays, with indoor karaoke lasting until 2:30 am on Sunday mornings. As requested, service in the outdoor eating area would end at normal closing time. In order to provide sufficient time for diners to complete meals beginning near the end of service, staff recommends as a condition of approval that the outdoor eating area be closed at 10:00 pm on Sunday through Thursday and at 11:00 pm on Friday and Saturday nights.

Staff believes that the proposal can meet all conditional use standards, and recommends approval of the request.
