

Public Information Meetings

The City of Madison is collaborating with Dane County to plan for and design a purpose-built shelter facility that will serve primarily men in our community who experience homelessness. The facility, to be built at 1904 Bartillon Drive, will be Madison's first purpose-built shelter. Please join the City of Madison, Dane County and Porchlight, Inc at these Public Information Meetings to get an overview of the project, pre-design concepts and information on next steps.

May 9th 5:30-7pm: Virtual Only Meeting on Zoom

Please visit the **project update page** below—using the link or the QR code—for instructions on accessing this virtual meeting.
