Subject: Stop signs on Jenifer

Hello

My name is Steve Gallo and I live on the 900 block of Jenifer St. I want to say I'm in support of stop signs. The number of cars and trucks and the speed is a safety issue. It has been an issue before the construction on Willy St. I've personally seen and have had close calls while in the crosswalks. Also, the number of new families with children in our neighborhood is up substantially in the last five years, I'm sure that facts like these can only be gleaned from someone who walks the street two or three times a day. If bike riders feel it is an inconvenience, please let them know that we the people who live on Jenifer see the issue as safety first convenience latter.

Yours

Steve Gallo
