

# Public Hearing Arbor Hills Neighborhood Supplemental Fire Flow Supply project

**Wednesday, September 29, 2010 @ 4:30 p.m.  
Water Utility Conference Room  
119 E. Olin Avenue, Madison**

Madison Water Utility will present the recommended site for the **Arbor Hills Water Pumping Station** at a public hearing before the Water Utility Board on September 29, 2010. Working closely with a citizen panel and through input received at two separate public meetings, the utility has evaluated several sites in the area and is making a recommendation for siting a pump station. Full project description can be found at [www.madisonwater.org](http://www.madisonwater.org), "Arbor Hills Supplemental Fire Flow Supply"

**Notice of Public Hearing:** All citizens are invited to participate in a public hearing before the Water Utility Board to consider the acceptance of the recommendation to site a pump station. The Water Utility Board desires to solicit public input and comment on said project. Written comments and objections regarding this project will be accepted up to the start of the public hearing. Comments can either be submitted via email to [water@madisonwater.org](mailto:water@madisonwater.org) or by US mail to MADISON WATER UTILITY, 119 E. Olin Avenue, Madison, WI 53713.

Tom Heikkinen; Water Utility General Manager
