## To the Mayor and Common Council:

The Common Council having resolved Novemver 11, 2006 that it was expedient and necessary that West Mifflin Assessment District -2007 in said City be improved at the cost of the property benefited thereby by installation of street lights and having ordered the City Engineer to view said district and to make a determination of preliminary plans and specifications, determine the entire cost of said improvements, determine a schedule of proposed assessments and to make and file its report:

Now, therefore, in compliance with said instruction, the City Engineer reports that:

1. Each property against which the assessment is proposed is benefited by such work or improvement and the assessments are reasonable. (See attached for a more complete analysis.)
2. A schedule of revised final assessments has been determined, as shown on Exhibit "B" attached hereto and made a part hereof.

DATED: March 26, 2010

Robert F. Phillips, P.E., City Engineer
