Fiscal Note: The City share for access to the current T1 connection is \$300 per month, paid by the Madison Police Department (MPD) out of its Operating Budget. With a new fiber optic cable, MPD will no longer pay these costs, resulting in an annual operating savings of \$3,600. In 2005, initial installation cost of the new fiber optic cable is an estimated one-time expense of \$8,000, with \$6,000 to be paid by Dane County and the remaining \$2,000 to be paid by MPD. Ongoing costs to the City for maintenance of the new cable are expected to be negligible.
