I oppose the Transportation Commission approval of the Green Streets Guide, which contains another surprising proposal about a bike path in Sauk Creek Woods. A bike path in the woods is not needed and is a bad idea. The neighbors who live in the area are against it. The few bikers who want to bike there can use the sidewalks and bike lanes on the roads. That is what they are there for.

It is a bad idea just like the path the city installed in the woods near 7933 Tree Lane. Very few people use that path. There are good sidewalks that bikers and walkers can use. Stop repeating your mistakes.
