Subject: Willy Street Coop - Landmarks Committee
Date: Monday, December 10, 2012 3:50:20 PM

Ms. Scanlon,

I would like to submit written public comment to the Landmarks Committee meeting today (if it is not too late) regarding the Willy Street Coop development proposal.

I am a Coop Member and nearby resident (1327 Spaight). I frequent the Coop weekly, almost always by walking.

I fully support the Coop Expansion Plans, as provided in elevation renderings to the Landmarks Committee and their accompanying narrative. The Coop is a crucial business for vitality and livability in our neighborhood, and is a model for other Madison neighborhoods and beyond. This expansion would partially accommodate explosive growth in sales and customer traffic at the current location without negative impacts on neighboring properties or residents.

Respectfully Submitted,

Joshua Clements
