[EXTERNAL EMAIL]

Bill,

I heard back from Abigale Darwin from the Oakbridge Neighborhood Association (the NA closed to the development). She said that she appreciated the opportunity to comment on this project, but that there is limited interest in the neighborhood, so she has declined the opportunity to participate in a neighborhood meeting regarding this project. That lack of interest, plus the general lack of interest in this project from others in the area has helped me to decide to waive the 30 day notification requirement for this project. Please consider this letter my official waiver of that requirement.

I do look forward to participating in reviewing this project as it proceeds through the City approval and permitting process. Please contact me if you have any questions or if you would like to discuss this further.
