RE: Siggelkow Road Expansion Project

Dear Mr. Phillips:

At a recent quarterly meeting of the Board of Directors of the Siggel-Grove Condominium Association, we had lengthy discussions regarding the above noted project. It is felt traffic flow does not justify construction at this time. Additionally, pavement is still in very good condition. Therefore, on October 15, 2007 the Siggel-Grove Condominium Board of Directors approved the following resolution:

Be it resolved that Siggel-Grove Condominium Association Board of Directors opposes the expansion of Siggelkow Road.

Be it further resolved that if the construction goes forward against our resolution, we request that the terrace along said Condominium property between Marsh Road and east of Dream Lane, be a minimum of eight (8) feet, rather than the planned six (6) feet. This will preserve as much green space as possible, and add an extra measure of safety for pedestrian traffic on the sidewalk along Siggelkow Road.

Your consideration of our resolution is appreciated.

Respectfully submitted,

Gene Calamata, President
Siggel-Grove Condominium Association
