Subject: Hotel Red Expansion

Dear Mr. Parks,

I am opposed to the expansion of Hotel Red - adding 4 floors. Back when a development was first proposed at that site, there was originally a 7-story condo proposed. The height of the building would have made it tower over the neighborhood. Neighbors objected strongly, and so the proposal was changed to a hotel that would only be 4 stories. Adding 4 more floors would bring us back to the original problem, that it would tower over the neighborhood. There would also be more traffic, especially in combination with the proposed development on 1603 Monroe. We have a residential neighborhood with families, and kids who walk to Randall School and West High, and catch the bus for Franklin. Adding traffic would endanger children.

I think Hotel Red is fine as it is. Please do not approve of the expansion.

Thank you,
Sincerely,
Genie Ogden
