

## Proposed Changes to Routes 26 and 36 (effective May 24, 2015)

### Route 26

Route 26 will be expanded to serve the new *UW Health at the American Center* hospital facility, along with Herzing College, the UW Health Clinic, and other destinations along West and East Terrace Dr.

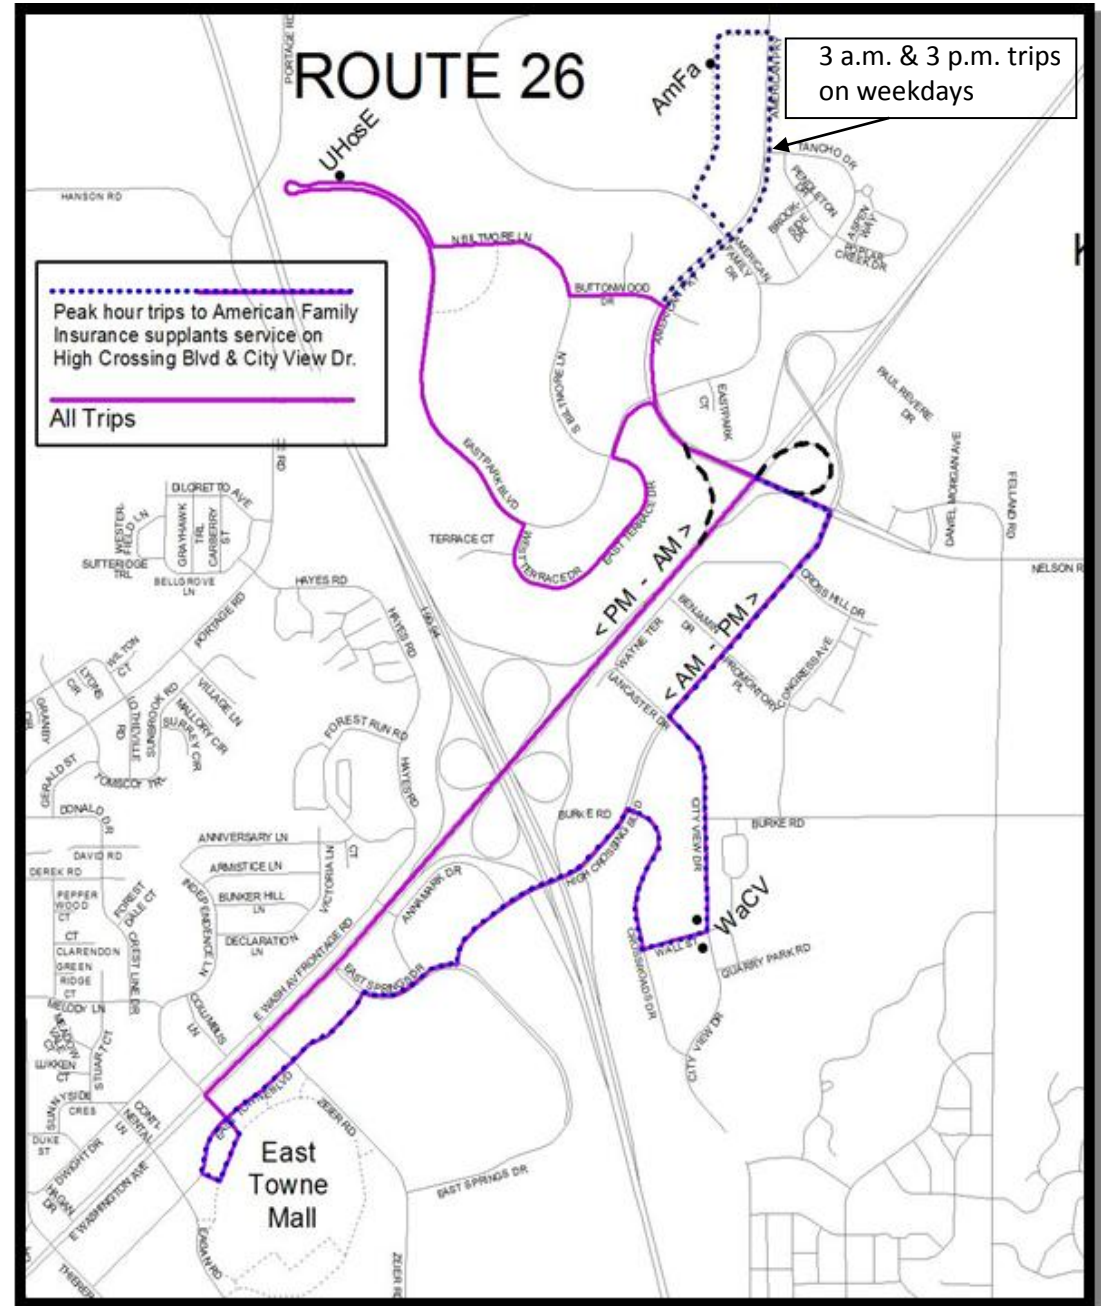

The route will operate every half hour from the East Towne bus stop on weekdays, weekends and holidays. Transfers to and from Routes 6, 20 and 30 will be coordinated as much as possible.

Route 26 will provide quick service to/from the new UW Health facility. Before noon, the route will travel from East Towne to the facility via Hwy 151. After serving the hospital, it will continue through the rest of the route before arriving back at East Towne.

After noon, the route will reverse direction so the return trips from the hospital to East Towne are more direct.

On weekdays, there will be three trips serving American Family headquarters during morning commute times and three trips during afternoon commute times.

Except for these six trips serving American Family, the route will always operate on the High Crossing, Wall Street, and City View loop (see description of Route 36 below for service during these six trips).

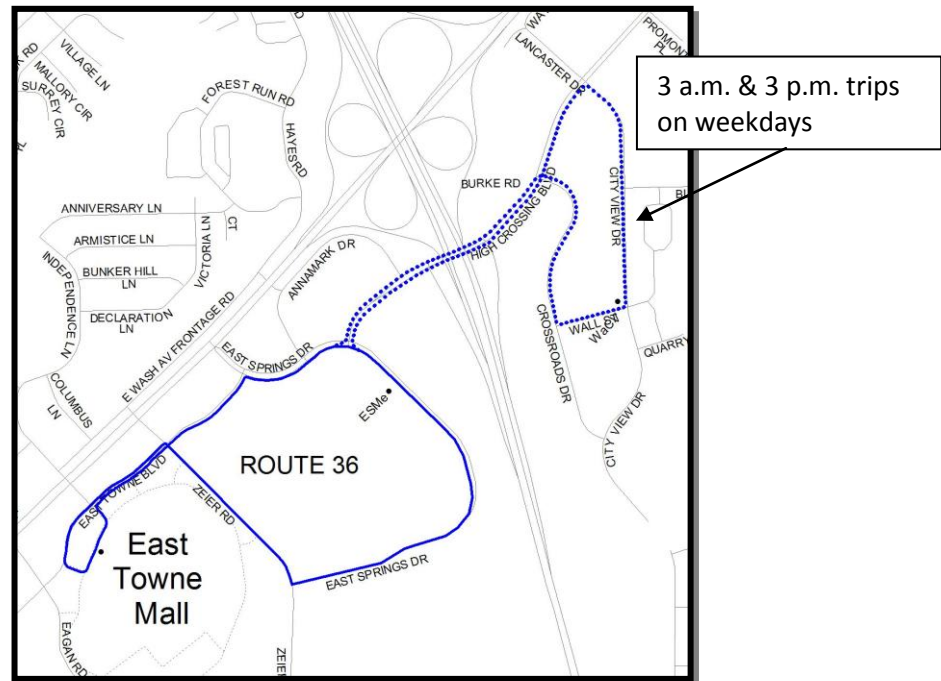

## Route 36

Because Route 26 will be picking up the High Crossing, Wall Street, and City View loop, Route 36 will shrink in coverage.

It will still be based at East Towne, but it will be mainly providing service to the East Springs Dr. area.

However, when Route 26 operates the three weekday a.m. and three weekday p.m. trips to serve the American Family headquarters, Route 36 will expand to cover the High Crossing, Wall Street and City View loop.

This route will operate on weekdays, weekends and holidays.

## Route 25

Route 25 will continue service over the summer providing double coverage to the American Family Headquarters. However, due to Route 26 now serving this location, Route 25 will be proposed for elimination in August.

## **Weekday Connections with Route 26 at East Towne Mall**

### First outbound trip:

Route 6 arrives East Towne 6:18a

Route 20 arrives East Towne 6:20a

Route 30 arrives East Towne 6:32a

Proposed Route 26 departure from East Towne 6:34a

### Last outbound trip before midday shift :

Route 20 arrives 11:22a

Route 6 arrives 11:32a

Route 30 arrives 11:32a

Proposed Route 26 departure from East Towne 11:34a

### First inbound trip after midday shift:

Route 26 arrives 12:52p

Route 30 departs 12:54p

Route 20 departs 1:01p

Route 6 departs 1:22p (more than 15 minute wait)

### Last inbound trip weekdays

Route 26 arrives 10:19p

Route 30 departs 10:23p & 10:57p

Route 6 departs 10:30p & 10:55p

Route 20 departs 10:33p
