---

May 9<sup>th</sup>, 2016

To Members of the UDC:

On May 5<sup>th</sup> 2016, the MNA Board voted electronically to support the proposed development at 722 Williamson Street. The Board of the Marquette Neighborhood Association wishes to express its gratitude for the McGrath Company in creating a development plan that is sensitive to its environment of historic buildings and open spaces, incorporates a significant affordable housing component and will bring about the renovation of the historic Morris Paper-Olds Seed Company Building, designed by Alvan Small, Architect, and built in 1914.

Sincerely,  
Lynn Lee

President  
Marquette Neighborhood Association
