Subject: 217 N. First Demolition

Good day!

We see that you are the contact person in the Planning Department for the project at 217 N. First St.

We wonder if the City will be in contact the Habitat for Humanity Deconstruction Services ahead of demolition of the home that currently sits there.

We live around the corner on Dayton Street. We look forward to positive changes, yet want to give a nod to the past in the best possible way.

Thanks in advance for your consideration!

Jini & Lynne MacAdam
