- Independent Utility

2. Imagine Madison Alignment

COMP PLAN STRATEGIES

LAND USE AND TRANSPORTATION ELEMENT

- Implement bus rapid transit to improve travel times, enhance reliability, and increase ridership.
- Improve transit service, especially to peripheral employment and residential locations, with a focus on reducing the travel time for transit dependent populations.
- 3. Ensure all populations benefit from the City's transportation investments.
- Improve access to transit service to nearby cities, such as Milwaukee, Chicago, and Minneapolis.
- Concentrate the highest intensity development along transit corridors, downtown, and at Activity Centers.
- Reduce the demand for development of farmland on the periphery of the city.
- Maintain downtown Madison as a major activity center for the region while improving access and inclusivity.
- 8. Expand and improve our pedestrian and bicycle networks to enable safe and convenient active transportation.
- Implement new technologies to more efficiently use our existing transportation infrastructure.
