Street Tree Report – Land Use Application

In exercising its responsibility under the foregoing ordinances and Department Of Public Works construction specifications, the Forestry Section requires the applicant to submit a Street Tree Report from a certified arborist. The Forestry Section will evaluate the report below for street tree protection during construction activities, proposed tree removals and deposits for developers' agreements as part of the forestry approval process. If it is necessary to remove a street tree, a separate permit from Forestry will be required. The Forestry Section must be informed of any change in this information as it could impact the Forestry Section's report and approval.

Please note on the **proposed plan** any pruning beyond what is considered to be acceptable by **ANSI A300 pruning standards** or if street tree removal may be necessary due to the impacts of construction, staging/delivery areas, or other activities.

Additional notes:

see attached document

Describe impacts and any mitigation actions employed:

Sidewalks and grates are not expected to be disrupted for trees 1,2 and 3. Construction fencing will be installed around the grate of the trees during the project to prevent accumulation of any materials or debris. Trees 4 and 5 will need to be removed due to construction impacts.

SECTION 3 – PHOTO DOCUMENTATION

Please attach photos. The group of photos must include:

- A photo to best depict the street tree relative to the proposed project.
- Date and timestamp of when photo was taken.

SIGNATURE CERTIFICATION

I hereby certify that I have presented an accurate and truthful representation of the proposed building and construction impacts to City street trees and a complete inventory of affected street trees and their condition herein, and that I will update this information and this report should any of this information change. I have worked to ensure compliance with all accepted professional standards in arboricultural practices and to ensure compliance with all applicable laws, regulations, policies and ethical standards. In the event the contractor has failed to comply with all applicable laws, regulations, policies and ethical standards; or created conditions that may present a hazard to people or property, I have immediately notified the appropriate representative of City of Madison Forestry Section at (608)266-4816.
