RE: Approval of a conditional use to allow construction of a two-family twin residence at 1920-1922 Dondee Road within 300 feet of a zoning lot containing another two-family twin building.

Dear Mr. & Mrs. Veserat;

At its January 27, 2014 meeting, the Plan Commission found the standards met and **approved** your conditional use for 1920-1922 Dondee Road. The conditions of approval in the following sections shall be satisfied prior to issuance of building permits for the project.

Please contact Janet Dailey of the City Engineering Division at 261-9688 if you have questions regarding the following nine (9) items:

1. Units 1908 and 1910 per this plan are different in size and composition from the units as declared on Buckeye Meadows Condominiums. The units shown are larger and also contain basement areas. A Condominium Amendment and Condominium Plat Addendum shall be approved by the City and recorded and the Dane County Register of Deeds prior to issuance of a building permit.
2. A detailed site grading and drainage plan shall be reviewed and approved by the City Engineering Division prior to release of the building permits.
3. The applicant shall replace all sidewalk and curb and gutter abutting the property, which is damaged by the construction, or any sidewalk and curb and gutter that the City Engineer determines needs to be replaced because it is not at a desirable grade regardless of whether the condition existed prior to beginning construction.
4. A City-licensed contractor shall perform all work in the public right of way.
5. All damage to the pavement on Dondee Road adjacent to these projects shall be restored in accordance with the City's Pavement Patching Criteria.
6. The plan sets shall be revised to show more information on proposed drainage for the site. This shall be accomplished by using spot elevations and drainage arrows or through the use of proposed contours. It is necessary to show the location of drainage leaving the site to the public right-of-way. It may be necessary to provide information off the site to fully meet this requirement.

7. The applicant shall submit, prior to plan sign-off, digital PDF files to the City Engineering Division. The digital copies shall be to scale, shall have a scale bar on the plan set, and shall contain the following items: building footprints; internal walkway areas; internal site parking areas; lot lines and right-of-way lines; street names, stormwater management facilities and; detail drawings associated with stormwater management facilities (including if applicable planting plans).
8. All outstanding Madison Metropolitan Sewerage District (MMSD) are due and payable prior City Engineering Division sign-off, unless otherwise collected with a Developer's/ Subdivision Contract. Contact Janet Dailey (261-9688) to obtain the final MMSD billing a minimum of 2 working days prior to requesting City Engineering Division signoff
9. Each unit of a duplex building shall be served by a separate and independent sanitary sewer lateral.

Please contact Eric Halvorson of the Traffic Engineering Division at 266-6527 if you have any questions regarding the following four (4) items:

10. When the applicant shall submit plans for approval, the applicant shall show the following: items in the terrace as existing (e.g., signs and street light poles), type of surfaces, existing and proposed property lines, addresses, one contiguous plan (showing all easements, all pavement markings, building placement, and stalls), adjacent driveway approaches to lots on either side and across the street, signage, percent of slope, semitrailer movements and vehicle routes, dimensions of radii, aisles, driveways, stalls including the 2 feet overhang, and a scaled drawing at 1" = 20'. Contact Traffic Engineering staff if you have questions.
11. The developer shall post a security deposit prior to the start of development. In the event that modifications need to be made to any City-owned and/or maintained traffic signals, street lighting, signing, pavement marking and conduit/handholes, the developer shall reimburse the City for all associated costs, including engineering, labor and materials for both temporary and permanent installations.
12. The City Traffic Engineer may require public signing and marking related to the development; the developer shall be financially responsible for such signing and marking.
13. All parking facility design shall conform to the standards in MGO Section 10.08(6).

Please contact Pat Anderson, Assistant Zoning Administrator, at 266-5978 if you have any questions regarding the following two (2) items:

14. Pursuant to Section 28.141(8)(c) 5 of the Zoning Code, a maximum of 40% of the front yard setback may be paved and used for driveway purposes provided lot coverage requirements are not exceeded. Provide a fully dimensioned site plan drawn to scale and show calculations and details of paved area in the front yard setback on final plans.
15. Provide calculations of lot coverage as defined in Section 28.211 of the Zoning Code.

Please contact Dennis Cawley of the Madison Water Utility at 261-9243 if you have any questions regarding the following item:

16. Note: All operating private wells shall be identified and permitted and any unused private wells shall be abandoned by the Madison Water Utility in accordance with MGO Section 13.21.

Please contact Bill Sullivan of the Madison Fire Department at 261-9658 if you have any questions regarding the following item:

17. Note: Madison Fire Department recommends the installation of a residential fire sprinkler system for each unit in accordance with NFPA 13D and SPS 382.40(3)(e).

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining permits for your project:

1. After the plans have been revised per the above conditions, please file **eight (8) sets** of complete, fully dimensioned, and to-scale plans, the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, Room LL-100, Madison Municipal Building, 215 Martin Luther King, Jr. Boulevard. The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.
2. This letter shall be signed by the applicant and property owner (if not the applicant) to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting building permit approval.
3. Approval of the plans for this project does not include any approval to prune, remove or plant trees in the public right of way. Permission for such activities must be obtained from the City Forester, 266-4816.
4. No alteration of this proposal shall be permitted unless approved by the Plan Commission, provided, however, the Zoning Administrator may issue permits for minor alterations. No alteration of a conditional use shall be permitted unless approved by the Plan Commission provided, however, the Zoning Administrator following consideration by the alderperson of the district, may approve minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the Plan Commission and the conditional use standards. This approval shall become null and void one (1) year after the date of the Plan Commission unless the use is commenced, construction is under way, or a valid building permit is issued and construction commenced within 6 months of the issuance of said building permit. Where the plans have not been altered from the Plan Commission's approval, and the conditional use has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date. The Plan Commission shall retain jurisdiction over this matter for the purpose of resolving complaints against the approved conditional use permit.

If you have any questions regarding obtaining your building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at 261-9632.

Sincerely,

Timothy M. Parks
Planner

cc: Janet Dailey, City Engineering Division
Eric Halvorson, Traffic Engineering Division
Pat Anderson, Asst. Zoning Administrator
Kay Rutledge, Parks Division
Dennis Cawley, Madison Water Utility
Bill Sullivan, Madison Fire Department

I hereby acknowledge that I understand and will comply with the above conditions of approval for this project.
