Hi Heather,

To aid in the discussion, I thought these images might be helpful. I'm bringing a few copies, but here they are electronically for the records and if you are able to put them on the screens.

Thanks!

Hello again,

One more file that didn't attach to the previous message.

Also, FYI, I didn't include a printed copy of the enclosed porch addition photograph in the packet, but I thought it might be good to show on the monitors in the room to provide perspective on the bracket and the lower metal skirt.

If you have any questions, would like to discuss, or offer suggestions to improve the quality or appearance of the proposed work, please feel free to contact me. I'm open to feedback and input.

Best regards,

-Vaughn

Hi Heather,

I'll stop by to drop off the printed materials shortly. Here are the electronic files.

Thank you,

-Vaughn
