	<p>Recommend approval with the following changes: Thus, reducing reliance on plastic beverage straws and stir sticks is one way Madison can help ensure that these products, which are used briefly but can take nearly 200 years to decompose, do not unnecessarily harm the environment. <u>This ordinance is not meant to discourage restaurants from having straws on site for customers who may wish to use them, including specifically for individuals with disabilities who may depend on straws to consume a beverage.</u></p> <p>(2) Restrictions. It shall be unlawful for a restaurant to prepare a drink with a plastic straw or plastic stir stick for a dine-in customer <u>unless the restaurant asks the dine-in customer if they want a plastic straw or stir stick.</u> This ordinance does not prohibit a restaurant from providing a plastic beverage straw or plastic stir stick to a take-out customer or making plastic straws or plastic stir sticks available for dine-in customers to take voluntarily. <u>This ordinance also does not prohibit the restaurant from providing a straw upon a dine-in customer's request.</u> Finally, this ordinance does not prohibit restaurants from preparing drinks with straws or stir sticks made from materials other than plastic.</p>

On a motion by Cantrell, seconded by Rummel, the Plan Commission voted to accept the final report and recommendations from the Urban Forestry Task Force, with the proposed amendment from the Sustainable Madison Committee. Furthermore, on an amended motion by Rummel, seconded by Heck, the Plan Commission voted to modify that amendment to include Traffic Engineering in the cross-functional staff team. The amendment shall read as:

BE IT FURTHER RESOLVED that a cross-functional staff team from Parks, Parks-Forestry, City Engineering, Traffic Engineering, and Planning be created to prioritize, 3-5 specific recommendations from the report, with implementation timelines, specific costs and cost-benefit analysis, that will be presented to the Common Council by February, 2020 for consideration in the 2021 budget Capital Improvement Plan (CIP).

11/6/19

BOARD OF PARK
COMMISSIONERSRECOMMEND TO COUNCIL WITH THE
FOLLOWING RECOMMENDATIONS -
REPORT OF OFFICER

Motion made by Gnam, seconded by Skidmore, to recommend to the Council to adopt the Urban Forestry Task Force Report with the Plan Commission's recommended change to the amended resolution, and incorporating the changes recommended by staff as outlined in the "UFTF report Parks staff recommendations for BPC consideration" document, with minor modification as shown below:

Plan Commission - amend resolution to state "BE IT FURTHER RESOLVED that a cross-functional staff team from Parks, Parks-Forestry, City Engineering, Traffic Engineering, and Planning be created to prioritize, 3-5 specific recommendations from the report, with implementation timelines, specific costs and cost-benefit analysis, that will be presented to the Common Council by February, 2020 for consideration in the 2021 budget Capital Improvement Plan (CIP); and,"

Parks staff recommends the following changes to the Urban Forestry Task Force Report:

Page 9, revise bullet to read: "Forestry Section: A section of the Parks Division that is being transferred to the Streets Division as part of the 2020 Operating Budget (this will take effect January 1, 2020). Forestry is responsible..."

Replace Page 11 of the report with the new Page 11 and 11A.

Page 20, Subdivision Recommendations #1 - Add the following sentence: "The City should revise the Madison General Ordinance (possibly MGO 28.142) to include incentives to preserve existing trees of a diameter more than 10 inches DBH (diameter at breast height) as part of private development projects, including single residential lots."

Page 23, Canopy Coverage, Goals - Add an additional bullet to this section as follows:

Canopy strategies should place a priority on the protection of existing large or very old trees throughout the City. Special heritage protection should be considered for large burr oaks wherever they occur, in recognition of their place in pre-settlement oak savannas.

Page 24, Recommendation #6 - Revise as follows: "Dedicate additional resources to Forestry for more frequent pruning and maintenance of new and existing street trees. The current approximately 21 -year pruning cycle of street trees should be evaluated in order identify methods and resources needed to shorten the cycle. Resources should also be dedicated to replanting more promptly."

Page 24, Recommendation #7 - Revise as follows: "The Park Commission should prepare a policy of and develop methods for canopy growth within parks with the goal of by planting 2,000 more trees above the replacement rate each year for the next five years, taking into account existing park policies (park master planning and land management, etc.), park values (sight lines, viewsheds, no-mow prairie areas, etc.) and other park uses (active recreation as well as passive recreation opportunities) to create a diverse and balanced park system as identified in the Park and Open Space Plan, and how it could interact with other park uses (e.g., no-mow areas). An assessment for park properties should be completed in order to identify preliminary tree locations, set consistent design goals, and project both priority areas and rates for tree planting. In addition, a tree preservation plan or criteria should be developed for Parks. "

Page 25, Recommendation #15 - Revise as follows: "The Habitat Stewardship Subcommittee is a subcommittee of the Board of Park Commissioners; with the transfer of the Forestry Section to the Streets Division effective 2020, several modifications to the ordinance will be required as the Habitat Stewardship Subcommittee will still have purview over land management, including trees, on park lands though they may no longer have the same purview over trees in the ROW. The Common Council should consider developing an urban forest board with regular meetings or revise the responsibilities of the existing Habitat Stewardship Subcommittee to include this work, in order to advise on the recommendations made by the Urban Forestry Task Force and to address future

urban forestry needs, with the understanding that the Board of Park Commissioners, and the Habitat Stewardship Subcommittee, has purview over land management, including trees, for public park lands."

Motion passed by voice vote/other.

11/19/19 COMMON COUNCIL Refer to a future Meeting to Adopt to the COMMON COUNCIL

Request of Ald. Carter & Ald. Furman - Recommended Action: RE-REFER TO URBAN FORESTRY TASK FORCE
