RE: Legistar #68439; Accela 'LNDUSE-2021-00116' -- Approval of a demolition permit at 1713 Monroe St

Dear Hamid:

At its January 10 meeting, the Plan Commission, meeting in regular session, found the standards met and approved your demolition permit to raze a three-family residence at **1713 Monroe Street**. In order to receive final approval of the demolition permit and for any other permits that may need to be issued for your project, the following conditions shall be met:

**Please contact Jenny Kirchgatter, Assistant Zoning Administrator at (608) 266-4429 if you have any questions regarding the following two (2) items:**

1. Section 28.185(9) requires that every applicant for a demolition or removal approval that requires approval by the Plan Commission is required to get a Reuse and Recycling Plan approved by the City Recycling Coordinator, Bryan Johnson at [streets@cityofmadison.com](mailto:streets@cityofmadison.com) prior to receiving a raze permit. Every person who is required to submit a reuse and recycling plan pursuant to Section 28.185(9) shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition. A demolition or removal permit is valid for one (1) year from the date of the Plan Commission.
2. Following approval of the demolition, a permitted use site plan review will be required for the proposed place of worship.

**Please contact Tim Troester of the City Engineering Division at (608) 267-1995 if you have any questions regarding the following twelve (12) items:**

3. Obtain a permit to Excavate in the Right-of-Way for completing the improvements in the public Right-of-Way. The permit application is available on the City Engineering Division website at <http://www.cityofmadison.com/engineering/Permits.cfm>.
4. Madison Metropolitan Sewerage District (MMSD) charges are due and payable prior to Engineering sign-off, unless otherwise collected with a Developer's / Subdivision Contract. Contact Mark Moder (608-261-9250) to obtain the final MMSD billing a minimum of two (2) working days prior to requesting City Engineering signoff. (MGO 16.23(9)(d)(4))

5. Obtain a permanent sewer plug permit for each existing sanitary sewer lateral serving a property that is not to be reused and a temporary sewer plug permit for each sewer lateral that is to be reused by the development. The procedures and fee schedule is available online at
6. <http://www.cityofmadison.com/engineering/permits.cfm>. (MGO CH 35.02(14))
7. An Erosion Control Permit is required for this project. See Storm comments for permit specific details and requirements.
8. This site appears to disturb less than one (1) acre of land. No submittal to the WDNR, CARPC or Department of Safety and Professional Services (DSPS) is required as the City of Madison Building Inspection Department is an approved agent for DSPS.
9. Revise the site plan to show all existing public sanitary sewer facilities in the project area as well as the size, invert elevation, and alignment of the proposed service. (POLICY)
10. Revise plan to show the location of all rain gutter down spout discharge locations. No discharge to the sidewalk on Monroe Street shall be allowed. (POLICY)
11. This project will disturb 4,000 sf or more of land area and require an Erosion Control Permit. Submit the Erosion Control Permit Application (with USLE calculations and associated fee) to Megan Eberhardt (west) at [meberhardt@cityofmadison.com](mailto:meberhardt@cityofmadison.com), or Daniel Olivares (east) at [daolivares@cityofmadison.com](mailto:daolivares@cityofmadison.com), for approval. The permit application can be found on City Engineering's website at <http://www.cityofmadison.com/engineering/Permits.cfm>.
12. This project will disturb 4,000 sf or more of land area and require an Erosion Control Permit. Submit the Erosion Control Permit Application (with USLE calculations and associated fee) to Megan Eberhardt (west) at [meberhardt@cityofmadison.com](mailto:meberhardt@cityofmadison.com), or Daniel Olivares (east) at [daolivares@cityofmadison.com](mailto:daolivares@cityofmadison.com), for approval. The permit application can be found on City Engineering's website at <http://www.cityofmadison.com/engineering/Permits.cfm>.  
This project will disturb 20,000 sf or more of land area and require an Erosion Control Plan. Please submit an 11" x 17" copy of an erosion control plan (pdf electronic copy preferred) to Megan Eberhardt (west) at [meberhardt@cityofmadison.com](mailto:meberhardt@cityofmadison.com), or Daniel Olivares (east) at [daolivares@cityofmadison.com](mailto:daolivares@cityofmadison.com), for approval.  
Demonstrate compliance with Section 37.07 and 37.08 of the Madison General Ordinances regarding permissible soil loss rates. Include Universal Soil Loss Equation (USLE) computations for the construction period with the erosion control plan. Measures shall be implemented in order to maintain a soil loss rate below 5.0 tons per acre per year. The WDNR provided workbook to compute USLE rates can be found online at <https://dnr.wi.gov/topic/stormwater/publications.html>  
This project will require a concrete management plan and a construction dewatering plan as part of the erosion control plan to be reviewed and approved by the City Engineer's Office. If contaminated soil or groundwater conditions exist on or adjacent to this project additional WDNR, Public Health, and/or City Engineering approvals may be required prior to the issuance of the required Erosion Control Permit. (POLICY)  
This project appears to require fire system testing that can result in significant amounts of water to be discharged to the project grade. The Contractor shall coordinate this testing with the erosion control measures and notify City Engineering 608-266-4751 prior to completing the test to document that appropriate measures have been taken to prevent erosion as a result of this testing.

Complete weekly self-inspection of the erosion control practices and post these inspections to the City of Madison website - as required by Chapter 37 of the Madison General Ordinances.

13. Submit, prior to plan sign-off but after all revisions have been completed, a digital CAD file (single file) to the Engineering Division that is to scale and represents final construction with any private storm and sanitary sewer utilities.
14. Submit, prior to plan sign-off but after all revisions have been completed, digital PDF files to the Engineering Division. Email PDF file transmissions are preferred to: [bstanley@cityofmadison.com](mailto:bstanley@cityofmadison.com) (East) or [ttroester@cityofmadison.com](mailto:ttroester@cityofmadison.com) (West).

**Please contact Jeff Quamme of the City Engineering Division – Mapping Section at (608) 266-4097 if you have any questions regarding the following one (1) item:**

15. The address of 1713 Monroe St will be retired and archived with the demolition of the building. The address of the proposed new building is 1711 Monroe St. The site plan shall reflect a proper street address of the property as reflected by official City of Madison Assessor's and Engineering Division records.

**Please contact Sean Malloy of the Traffic Engineering Division at (608) 266-5987 if you have any questions regarding the following one (1) item:**

16. All existing driveway approaches on which are to be abandoned shall be removed and replaced with curb and gutter and noted on the plan.

**Please contact Bill Sullivan of the Fire Department at (608) 866-4691 if you have any questions regarding the following three (3) item:**

17. Provide fire apparatus access as required by IFC 503 2021 edition, MGO 34.503.
18. Please consider allowing Madison Fire Dept. to conduct training sequences prior to demolition. Contact MFD Training Division to discuss possibilities: Division Chief Jeff Larson at [jtlarson@cityofmadison.com](mailto:jtlarson@cityofmadison.com) or (608) 2665946.
19. The Madison Fire Department does not object to this proposal provided the project complies with all applicable fire codes and ordinances. Building details were limited; therefore, MFD is unable to make any assessments of compliance with the building and fire codes.

**Please contact Brad Hofmann of the Forestry Section at (608) 267-4908 if you have any questions regarding the following six (6) item:**

20. Contractor shall take precautions during construction to not disfigure, scar, or impair the health of any street tree. Contractor shall operate equipment in a manner as to not damage the branches of the street tree(s). This may require using smaller equipment and loading and unloading materials in a designated space away from trees on the construction site. Any damage or injury to existing street trees (either above or below ground) shall be reported immediately to City Forestry at 266-4816. Penalties and remediation shall be required. Add as a note on the plan set.

21. As defined by the Section 107.13 of City of Madison Standard Specifications for Public Works Construction: No excavation is permitted within 5 feet of the trunk of the street tree or when cutting roots over 3 inches in diameter. If excavation is necessary, the Contractor shall contact Madison City Forestry (266-4816) prior to excavation. City of Madison Forestry personnel shall assess the impact to the tree and to its root system prior to work commencing. Tree protection specifications can be found on the following website: <https://www.cityofmadison.com/business/pw/specs.cfm> Add as a note on the plan set.
22. On this project, street tree protection zone fencing is required. The fencing shall be erected before the demolition, grading or construction begins. The fence shall include the entire width of terrace and, extend at least 5 feet on both sides of the outside edge of the tree trunk. Do not remove the fencing to allow for deliveries or equipment access through the tree protection zone. Add as a note on the plan set.
23. Street tree pruning shall be coordinated with Madison Forestry at a minimum of two weeks prior to the start of construction for this project. All pruning shall follow the American National Standards Institute (ANSI) A300 - Part 1 Standards for pruning. Add as a note on the plan set.
24. Soil Section 107.13(g) of City of Madison Standard Specifications for Public Works Construction addresses soil compaction near street trees and shall be followed by Contractor. The storage of parked vehicles, construction equipment, building materials, refuse, excavated spoils or dumping of poisonous materials on or around trees and roots within five (5) feet of the tree or within the protection zone is prohibited. Add as a note on the plan set.
25. An existing inventory of street trees located within the right of way shall be included on the landscape, site, demo, and utility plans. The inventory shall include the following: location, size (diameter at 4 1/2 feet), and species of existing street trees. The inventory should also note if a street tree is proposed to be removed and the reason for removal.

**Please contact Jeff Belshaw of the Water Utility at (608) 261-9835 if you have any questions regarding the following two (2) items:**

26. A private well may have served this parcel prior to the municipal water service connection. Any remaining unused/unpermitted private wells existing on this parcel must be properly abandoned according to Wisconsin Administrative Code NR 812 and Madison General Ordinance 13.21 prior to the demolition of the property. Please contact water utility staff at (608) 266-4654 to schedule an on-site private well survey prior to demolition, otherwise for additional information regarding well abandonment procedures and potential well abandonment reimbursement programs.
27. Update Utility plan to show proposed water service.

**Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.**

**Please now follow the procedures listed below for obtaining your demolition permit:**

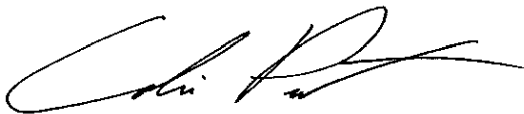

1. After the plans have been revised per the above conditions, please **one (1) complete digital plan set in PDF format** of complete, fully dimensioned, and to-scale plans; the appropriate site plan review

application and [site plan review fee pursuant to Section 28.206](#) of the Zoning Code; and any other documentation requested herein to the Zoning Administrator at [zoning@cityofmadison.com](mailto:zoning@cityofmadison.com). (Note that that an individual email cannot exceed 20MB and it is the responsibility of the applicant to present files in a manner that can be accepted. Please email [zoning@cityofmadison.com](mailto:zoning@cityofmadison.com) regarding questions or if you need alternative filing options. The check for the **site plan review** fee shall be mailed to the City of Madison Building Inspection Division; PO Box 2984; Madison, WI 53701-2984.) The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.

2. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
3. A demolition or removal permit is valid for one (1) year from the date of the Plan Commission. Where the plans have not been altered since issuance of the demolition or removal permit and the permit has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date.

If you have any questions regarding obtaining your conditional use or building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at 243-0455.

Sincerely,

Colin Punt  
 Planner
