Re: Agenda Item 4 – Safe Streets Madison Program

I am in support of all measures to make our streets safe. I do think there is a tremendous opportunity to implement pedestrian and bicycle safety measures during the John Nolen Drive Reconstruction Project and the Lake Monona Waterfront Project. In particular, improvements could be made at John Nolen, E. Lakeside and Sayle Street that could slow traffic and increase visibility for cyclists and pedestrians traveling from E. Lakeside into and out of the Olin Park. This would help connect users to the park, bike trails, and public transportation.

Thank you,

Andy Meessmann, PLA
