Introduction

The City of Madison's Urban Design Commission (UDC) has been created to:

- Encourage and promote high quality in the design of new buildings, developments, remodeling, and additions so as to maintain and improve the established standards of property values within the City.
- Foster civic pride in the beauty and nobler assets of the City, and in all other ways possible assure a functionally efficient and visually attractive City in the future.

Types of Approvals

There are three types of requests considered by the UDC:

- Informational Presentation. Applicants may, at their discretion, request to make an Informational Presentation to the UDC prior to seeking any approvals to obtain early feedback and direction before undertaking detailed design. Applicants should provide details on the context of the site, design concept, site and building plans, and other relevant information to help the UDC understand the proposal and provide feedback. (Does not apply to CDR's or Signage Variance requests)
- Initial Approval. Applicants may, at their discretion, request initial approval of a proposal by presenting preliminary design information. As part of their review, the Commission will provide feedback on the design information that should be addressed at Final Approval stage.
- Final Approval. Applicants may request Final Approval of a proposal by presenting all final project details. Recommendations or concerns expressed by the UDC in the initial approval must be addressed at this time.

Presentations to the Commission

Primarily, the UDC is interested in the appearance and design quality of projects. Emphasis should be given to the site plan, landscape plan, lighting plan, building elevations, exterior building materials, color scheme, and graphics.

When presenting projects to the UDC, applicants must fill out a registration slip provided in the meeting room and present it to the Secretary. Presentations should generally be limited to 5 minutes or as extended by motion by consent of the Commission. The Commission will withhold questions until the end of the presentation.

Applicants are encouraged to consider the use of various graphic presentation material including a locator map, photographs, renderings/model, scale drawings of the proposal in context with adjacent buildings/uses/signs, etc., as may be deemed appropriate to describe the project and its surroundings. Graphics should be mounted on rigid boards so that they may be easily displayed. **Applicants/presenters are responsible for all presentation materials, AV equipment and easels.**

Re: Letter of Intent
Ziegler Site – UDC Informational
KBA Project #2121

Ms. Jessica Vaughn,

The following is submitted together with the plans and application for the Urban Design Commission's Informational Review and consideration:

This proposed project involves the development of the Ziegler site located between Spirit Street, Lakota Way, Paragon Street and Bear Claw Way in Madison. The development will consist of two lots having a combined area of approximately 3.57 acres.

United Financial Group, Inc is proposing a multi-phased project including six 3-story, 4-unit townhouse buildings, three 3-story, 6-unit townhouse buildings, and three 3-unit townhouse buildings. Enclosed parking will be provided within each building for a total of approximately 102 vehicles, along with surface parking on parking pads, and future surface parking stalls for 19 vehicles distributed about the site.

This site is not located within Urban Design District, but is a planned Multi-use Residential Building Complex. The proposed design of this building is traditional with a contemporary flare. Proposed materials will include a majority of the exterior being masonry, along with composite siding. The site will be well landscaped, and have access to nearby useful outdoor spaces for the residents, including a swimming pool, outdoor grilling and dining area, a variety of outdoor seating areas and a yard game area. All townhome units will have their own balconies.

We look forward to collaborating with you on this project and welcome your feedback to these initial concepts.

Thank you for your time reviewing our proposal.

Sincerely,

A handwritten signature in black ink that reads 'Kevin Burow'.

Kevin Burow, AIA, NCARB, LEED AP
Managing Member
