Dear Adam Ryan:

On May 23, 2022, the Plan Commission found the standards met and **conditionally approved** your demolition permit for a previously demolished one-story industrial building at 3706 S Dutch Mill Road. In order to receive final approval of the demolition permit and for any other permits that may need to be issued for your project, the following conditions shall be met:

**Please contact Jacob Moskowitz, Assistant Zoning Administrator at (608) 266-4560 if you have any questions regarding the following three (3) items:**

1. Section 28.185(7)(a)5 requires that if a demolition or removal permit is approved, it shall not be issued until the reuse and recycling plan is approved by the Recycling Coordinator, Bryan Johnson (608-266-4682).
2. Section 28.185(10) Every person who is required to submit a reuse and recycling plan pursuant to Sec. 28.185(7) (a)5 shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition.
3. Section 28.185(9)(a) A demolition or removal permit is valid for one (1) year from the date of the Plan Commission.

**Please contact Tim Troester of the Engineering Division at (608) 267-1995 if you have any questions regarding the following one (1) item:**

4. Obtain a permanent sewer plug permit for each existing sanitary sewer lateral serving a property that is not to be reused and a temporary sewer plug permit for each sewer lateral that is to be reused by the development. The procedures and fee schedule is available online at

<http://www.cityofmadison.com/engineering/permits.cfm>. (MGO CH 35.02(14))

**Please contact Jeffrey Quamme of the Engineering Division – Mapping Section at (608) 266-4097 if you have any questions regarding the following one (1) item:**

5. The Owner / Contractor are responsible to obtain the necessary rights / easement / permission for any disturbance of adjacent lands for the removal of the encroaching limits of gravel on the adjacent WisDot owned lands to the North and South of the parcel.

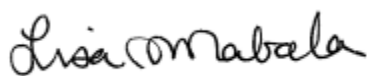

**Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.**

**Please now follow the procedures listed below for obtaining your demolition:**

1. After the plans have been revised per the above conditions, please submit one (1) complete digital plan set in PDF format and any other supporting materials that are necessary, as specified in this letter to [sprapplications@cityofmadison.com](mailto:sprapplications@cityofmadison.com) (note: A 20MB email limit applies and multiple transmittals may be required). The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.
2. A check for the site plan review fee shall be mailed to the City of Madison Building Inspection Division; PO Box 2984; Madison, WI 53701-2984.
3. City Agencies who submitted conditions of approval will review your revised plans to verify that their conditions, along with any applicable requirements, have been satisfied. When the revised plans are submitted, the applicant will be emailed a hyperlink to a website to follow, in real time, which agencies have reviewed the revised documents, and signed off or need additional information.
4. A demolition or removal permit is valid for one (1) year from the date of the Plan Commission. Where the plans have not been altered since issuance of the demolition or removal permit and the permit has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date.

If you have any questions regarding obtaining your demolition permit, please contact the Zoning Administrator at 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at 243-0554 or [lmcnabola@cityofmadison.com](mailto:lmcnabola@cityofmadison.com).
