- 1) Raised weekend full days between 2-3%
- 2) Set weekend half days at ~70% of full day rate
- 3) Set weekday rates at ~55% of weekend rates

Results in more consistent price scales across the board, higher prices at JWP & Olin for half day weekend and weekday rates, and lower prices for 'standard' weekday half days.

1) Raised weekend full days between 2-3%

2) Set weekend half days at ~70% of full day rate

3) Set weekday rates at ~55% of weekend rates

Results in more consistent price scales across the board, higher prices at JWP & Olin for half day weekend and weekday rates, and lower prices for 'standard' weekday half days.
