Dear alders,

I consider myself a Friend of the Hartmeyer Natural Area. Please do whatever is needed to protect the 16 acres of wetland when you vote on the Oscar Mayer Special Area Plan on Tuesday, May 10th. I have been a Madison resident and voter for 24 years and its green spaces and waters are to me what make it most special. Thank you....Save the Natural Area!

Madison Common Council members,

I am writing to oppose the proposal to extend Roth Street through a grove of ancient bur oak trees on the property at 2007 Roth St. Instead, please support Alder Syed Abbas' Revised Rezoning Exhibit at the May 10'th Common Council meeting.

Thank you.

Council Member of the City of Madison,

I have been in contact with Doug Nelson about the rezoning and street placement on our properties at 701-705 Ruskin Street.

I have asked to be included in conversations about these proposals but the only contact I get is with Doug. I would like to go on record of opposing the rezoning of our properties and also the placement of the street. The proposed street goes right through our property which would mean the removal of an existing building on the property. Also has there been any consideration of the cell tower on this property? Will there be any effects to the tower with the placement of the apartment building? Is it far enough away from the proposed structure for it to operate to it's full protentional? I also would like to go on record that I feel that the accusation which Mr. McAuliffe made at the meeting in March of lack of concern over our business, that it shouldn't be worried about because we are only a one off manufacturing company. I think that this is a very poor comment on his behalf. We are nearing 50th year in this community and he just wants to sweep us under the rug to get rid of us. I feel that there are other places that this road could be located such as to the east of the Hartmeyer Ice Arena. I also feel that we are rushing into the development of this area and not really looking at the big picture. I feel that this needs to go to a committee with all that are involved in given a chance to speak.
