Re: Mendota Grassman Greenway Tree Removal Plan Public Hearing

The City of Madison is planning a flood mitigation and restoration design project in the Mendota Grassman Greenway in 2023. The project will allow the City to reach its flood mitigation targets by deepening and widening the existing channel, and lowering and expanding the box culverts under University Ave and Camelot Dr. The project will mitigate flooding to adjacent homes in the 1% annual chance storm. In order to reach the flood targets, the City will need to remove trees within the greenway. The Stormwater Utility has worked with the City Forester and the City of Madison Streets Division to plan tree removals in the greenways. The Stormwater Utility's plan for removing trees in the Mendota Grassman Greenway will be considered by the Habitat Stewardship Subcommittee on Monday, November 7th at 4:30 PM., via virtual meeting.

If you wish to speak at the virtual meeting, you must register. You can register at www.cityofmadison.com/city-hall/committees/meeting-schedule. Registration will open once the meeting is published on the Calendar, typically around noon on the Friday preceding the meeting, which in this instance is Friday, November 4, 2022. Interested participants need to search for the date, click on the Habitat Stewardship Subcommittee meeting, then click "Register for Public Comment."

If you require an interpreter, materials in alternate formats, or other accommodations to access this public hearing, please contact City of Madison Parks Department at phone (608) 266-4816 or email us at habitatstewardshipsubcommittee@cityofmadison.com. Please make contact at least 72 hours prior to the date of this public hearing so that we can make proper accommodations.

If you have any other questions regarding this the tree removal plan, please contact Maddie Dumas at mdumas@cityofmadison.com. You can learn more about the greenway project on the project website: <https://www.cityofmadison.com/engineering/projects/mendota-grassman-greenway-flood-mitigation-and-restoration-design>
