Jeff Boldt 15 S Owen Drive

I'm happy with storm sewer improvements. I'm OK with paying the estimated costs. I'm not happy with narrowing the roadway. There are many cyclists on this street and I already feel a bit unsafe about cars when I bike. Many cars are parked on the street because most of the houses on the block were built when property tax was based on the number of bedrooms in each house. Bedrooms were defined as rooms with built-in closets; so most of the houses have very limited storage and people use their garages for storage and if they have 2 cars usually one is parked in the driveway and one on the street. I am in favor of adding "speed humps" not "speed bumps" to slow traffic. The mini roundabouts are not a safety improvement.
