Dear Ken,

At its December 12, 2022 meeting, the Plan Commission found the standards met and **approved** your demolition permit for 6209 Mineral Point Road. The conditions of approval in the following sections shall be satisfied prior to issuance of demolition permits for the project.

Please contact Tim Troester of the City Engineering Division at (608) 267-1995 if you have questions regarding the following six (6) items:

1. Obtain a permanent sewer plug permit for each existing sanitary sewer lateral serving a property that is not to be reused and a temporary sewer plug permit for each sewer lateral that is to be reused by the development.
2. An Erosion Control Permit is required for this project.
3. This project will disturb 20,000 square feet or more of land area and requires an Erosion Control Plan. Please submit an 11- x 17-inch copy of an erosion control plan (PDF electronic copy preferred) to Megan Eberhardt (west) at meberhardt@cityofmadison.com, or Daniel Olivares (east) at daolivares@cityofmadison.com, for approval.
4. Demonstrate compliance with MGO Section 37.07 and 37.08 regarding permissible soil loss rates. Include Universal Soil Loss Equation (USLE) computations for the construction period with the erosion control plan. Measures shall be implemented in order to maintain a soil loss rate below 5.0 tons per acre per year.
5. Complete weekly self-inspection of the erosion control practices and post these inspections to the City of Madison website as required by MGO Chapter 37.

6. Submit, prior to plan sign-off but after all revisions have been completed, digital PDF files to the City Engineering Division. Email PDF file transmissions are preferred to: bstanley@cityofmadison.com (East) or ttroester@cityofmadison.com (West).

Please contact Jeff Quamme of the City Engineering Division–Mapping Section at (608) 264-9276 if you have any questions regarding the following item:

7. Provide a full demolition plan. It shall include lot/ownership lines and all proposed demolitions of buildings and improvements. Show buildings, parking stalls, driveways, sidewalks and those impervious areas that are to remain or any new impervious areas to be constructed as part of the plan.

Please contact Bill Sullivan of the Madison Fire Department at (608) 261-9658 if you have any questions regarding the following item:

8. Please consider allowing the Madison Fire Department to conduct training sequences prior to demolition. Contact Division Chief Jeff Larson at jtlarson@cityofmadison.com or (608) 266- 5946 to discuss this possibility.

Please contact Jenny Kirchgatter, Assistant Zoning Administrator, at (608) 267-1995 if you have questions regarding the following five (5) items:

9. Section 28.185(7)(a)5 requires that if a demolition or removal permit is approved, it shall not be issued until the reuse and recycling plan is approved by the Recycling Coordinator, Bryan Johnson (266-4682). Section 28.185(10) requires that every person who is required to submit a reuse and recycling plan pursuant to Section 28.185(7)(a)5 shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition. A demolition or removal permit is valid for one (1) year from the date of the Plan Commission.
10. Submit a demolition plan identifying the Gallery building, structures, sidewalks, paved areas, and landscaping proposed for removal.
11. Provide a dwelling unit summary for Oakwood Village University Woods campus. Include the total number of existing dwelling units in each building and the proposed number of dwelling units following demolition of the Gallery building.
12. A minor alteration to the Oakwood Village University Woods Planned Development with a site plan review will be required following the Plan Commission approval for the proposed demolition. Submit the proposed restoration site plan and landscape plan for review.
13. Per Section 28.186(4)(b), the property owner or operator is required to bring the property into compliance with all elements of the approved site plans by the date established by the Zoning Administrator as part of the site and building plan approval. Work with Zoning staff to establish a final site compliance date.

14. The Madison Water Utility shall be notified to remove the water meters at least two working days prior to demolition. Contact the Water Utility Meter Department at (608) 266-4765 to schedule the meter removal appointment.

Demolition activities may not proceed until raze permits have been issued for the approved project. Permits will not be issued until the applicant has met all of the conditions of approval stated in this letter.
