## 5. Required Submittal Materials

☐ Application Form☐ Letter of Intent

- If the project is within an Urban Design District, a summary of how the development proposal addresses the district criteria is required
- For signage applications, a summary of how the proposed signage is consistent with the applicable CDR or Signage Variance review criteria is required.

☐ Development Plans (Refer to checklist on Page 4 for plan details)☐ Filing fee☐ Electronic Submittal\*☐ Notification to the District Alder

- Please provide an email to the District Alder notifying them that you are filing this UDC application. Please send this as early in the process as possible and provide a copy of that email with the submitted application.

Each submittal must include fourteen (14) 11" x 17" **collated** paper copies. Landscape and Lighting plans (if required) must be **full-sized and legible**. Please refrain from using plastic covers or spiral binding.

Both the paper copies and electronic copies must be submitted prior to the application deadline before an application will be scheduled for a UDC meeting. Late materials will not be accepted. A completed application form is required for each UDC appearance.

For projects also requiring Plan Commission approval, applicants must also have submitted an accepted application for Plan Commission consideration prior to obtaining any formal action (initial or final approval) from the UDC. All plans must be legible when reduced.

*\*Electronic copies of all items submitted in hard copy are required. Individual PDF files of each item submitted should be compiled on a CD or flash drive, or submitted via email to [udcapplications@cityofmadison.com](mailto:udcapplications@cityofmadison.com). The email must include the project address, project name, and applicant name. Electronic submittals via file hosting services (such as Dropbox.com) are not allowed. Applicants who are unable to provide the materials electronically should contact the Planning Division at (608) 266-4635 for assistance.*

## 6. Applicant Declarations

1. Prior to submitting this application, the applicant is required to discuss the proposed project with Urban Design Commission staff. This application was discussed with Jessica Vaughn on August 18, 2022.
2. The applicant attests that all required materials are included in this submittal and understands that if any required information is not provided by the application deadline, the application will not be placed on an Urban Design Commission agenda for consideration.

Name of applicant Luke StauffacherRelationship to property DeveloperAuthorizing signature of property owner [Signature] Date 1-27-2023

## 7. Application Filing Fees

Fees are required to be paid with the first application for either initial or final approval of a project, unless the project is part of the combined application process involving the Urban Design Commission in conjunction with Plan Commission and/or Common Council consideration. Make checks payable to City Treasurer. Credit cards may be used for application fees of less than \$1,000.

Please consult the schedule below for the appropriate fee for your request:

☐ Urban Design Districts: \$350 (per §35.24(6) MGO).☐ Minor Alteration in the Downtown Core District (DC) or Urban Mixed-Use District (UMX) : \$150 (per §33.24(6)(b) MGO)☐ Comprehensive Design Review: \$500 (per §31.041(3)(d)(1)(a) MGO)☐ Minor Alteration to a Comprehensive Sign Plan: \$100 (per §31.041(3)(d)(1)(c) MGO)☐ All other sign requests to the Urban Design Commission, including, but not limited to: appeals from the decisions of the Zoning Administrator, requests for signage variances (i.e. modifications of signage height, area, and setback), and additional sign code approvals: \$300 (per §31.041(3)(d)(2) MGO)

A filing fee is not required for the following project applications if part of the combined application process involving both Urban Design Commission and Plan Commission:

- Project in the Downtown Core District (DC), Urban Mixed-Use District (UMX), or Mixed-Use Center District (MXC)
- Project in the Suburban Employment Center District (SEC), Campus Institutional District (CI), or Employment Campus District (EC)
- Planned Development (PD): General Development Plan (GDP) and/or Specific Implementation Plan (SIP)
- Planned Multi-Use Site or Residential Building Complex

## Introduction

The City of Madison's Urban Design Commission (UDC) has been created to:

- Encourage and promote high quality in the design of new buildings, developments, remodeling, and additions so as to maintain and improve the established standards of property values within the City.
- Foster civic pride in the beauty and nobler assets of the City, and in all other ways possible assure a functionally efficient and visually attractive City in the future.

## Types of Approvals

There are three types of requests considered by the UDC:

- Informational Presentation. Applicants may, at their discretion, request to make an Informational Presentation to the UDC prior to seeking any approvals to obtain early feedback and direction before undertaking detailed design. Applicants should provide details on the context of the site, design concept, site and building plans, and other relevant information to help the UDC understand the proposal and provide feedback. (Does not apply to CDR's or Signage Variance requests)
- Initial Approval. Applicants may, at their discretion, request initial approval of a proposal by presenting preliminary design information. As part of their review, the Commission will provide feedback on the design information that should be addressed at Final Approval stage.
- Final Approval. Applicants may request Final Approval of a proposal by presenting all final project details. Recommendations or concerns expressed by the UDC in the initial approval must be addressed at this time.

## Presentations to the Commission

Primarily, the UDC is interested in the appearance and design quality of projects. Emphasis should be given to the site plan, landscape plan, lighting plan, building elevations, exterior building materials, color scheme, and graphics.

When presenting projects to the UDC, applicants must fill out a registration slip provided in the meeting room and present it to the Secretary. Presentations should generally be limited to 5 minutes or as extended by motion by consent of the Commission. The Commission will withhold questions until the end of the presentation.

Applicants are encouraged to consider the use of various graphic presentation material including a locator map, photographs, renderings/model, scale drawings of the proposal in context with adjacent buildings/uses/signs, etc., as may be deemed appropriate to describe the project and its surroundings. Graphics should be mounted on rigid boards so that they may be easily displayed. **Applicants/presenters are responsible for all presentation materials, AV equipment and easels.**

# URBAN DESIGN DEVELOPMENT PLANS CHECKLIST

The items listed below are minimal application requirements for the type of approval indicated. Please note that the UDC and/or staff may require additional information in order to have a complete understanding of the project.

## 1. Informational Presentation

- ☒ Locator Map
- ☒ Letter of Intent (If the project is within an Urban Design District, a summary of how the development proposal addresses the district criteria is required)
- ☒ Contextual site information, including photographs and layout of adjacent buildings/structures
- ☒ Site Plan
- ☒ Two-dimensional (2D) images of proposed buildings or structures.

Providing additional information beyond these minimums may generate a greater level of feedback from the Commission.

### Requirements for All Plan Sheets

1. Title block
2. Sheet number
3. North arrow
4. Scale, both written and graphic
5. Date
6. Fully dimensioned plans, scaled at 1"= 40' or larger

**\*\* All plans must be legible, including the full-sized landscape and lighting plans (if required)**

## 2. Initial Approval

- ☐ Locator Map
- ☐ Letter of Intent (If the project is within a Urban Design District, a summary of how the development proposal addresses the district criteria is required)
- ☐ Contextual site information, including photographs and layout of adjacent buildings/structures
- ☐ Site Plan showing location of existing and proposed buildings, walks, drives, bike lanes, bike parking, and existing trees over 18" diameter
- ☐ Landscape Plan and Plant List (*must be legible*)
- ☐ Building Elevations in both black & white and color for all building sides (include material callouts)
- ☐ PD text and Letter of Intent (if applicable)

Providing additional information beyond these minimums may generate a greater level of feedback from the Commission.

## 3. Final Approval

All the requirements of the Initial Approval (see above), **plus**:

- ☐ Grading Plan
- ☐ Proposed Signage (if applicable)
- ☐ Lighting Plan, including fixture cut sheets and photometrics plan (*must be legible*)
- ☐ Utility/HVAC equipment location and screening details (with a rooftop plan if roof-mounted)
- ☐ PD text and Letter of Intent (if applicable)
- ☐ Samples of the exterior building materials (presented at the UDC meeting)

## 4. Comprehensive Design Review (CDR) and Variance Requests (*Signage applications only*)

- ☐ Locator Map
- ☐ Letter of Intent (a summary of how the proposed signage is consistent with the CDR or Signage Variance criteria is required)
- ☐ Contextual site information, including photographs of existing signage both on site and within proximity to the project site
- ☐ Site Plan showing the location of existing signage and proposed signage, dimensioned signage setbacks, sidewalks, driveways, and right-of-ways
- ☐ Proposed signage graphics (fully dimensioned, scaled drawings, including materials and colors, and night view)
- ☐ Perspective renderings (emphasis on pedestrian/automobile scale viewsheds)
- ☐ Illustration of the proposed signage that meets Ch. 31, MGO compared to what is being requested.
- ☐ Graphic of the proposed signage as it relates to what the Ch. 31, MGO would permit

February 1, 2023

Jessica Vaughn  
Urban Design Commission Secretary – Planning Division  
City of Madison  
Department of Planning & Community & Economic Development  
215 Martin Luther King Jr Blvd, Suite 017  
Madison, Wisconsin 53701

Re: UDC Informational – Lot 49 & 50 The American Center Plat – Eastpark Fifth Addition

4846 Eastpark Blvd.  
Cascade Development – The American Center Project  
KBA Project #2155

Ms. Vaughn:

The following is submitted together with conceptual drawings for the Urban Design Commission's consideration. We are requesting an Informational presentation for Lot 49 & 50 of Cascade Development's mixed-use project in The American Center. Phase I includes all lots to be created north of Dreamer Drive. Lot 49 & 50 are considered a Residential Building Complex due to shared parking and development by a single owner. We look forward to the opportunity to present this project to the UDC.

## **Background**

The American Center has experienced diminished demand for large corporate office projects over the past several years. At the same time, The American Center has not been a destination outside of regular business hours, with activity in the park largely ending when employees return home. TAC planners and city staff recognized integrating residential uses into the park could add vibrancy and support for other uses within the park. Planning staff made this land use change contingent upon breaking up the existing large parcels with new public streets to improve circulation, and creating dedicated open space for recreational use by residents. TAC is currently finalizing the plat to create Dreamer Drive and The Commons. The Commons will feature programmed outdoor activities for the park. The Cascade project will plat the lands north and south of Dreamer Drive, creating new public roads and lots for development.

## **The American Center and City of Madison Input**

The project team has met with City planning staff and representatives of The American Center on numerous occasions to discuss the proposed project. Highlights include a City of Madison Development Assistance Team (DAT) meeting on August 18, 2022, a meeting with the City of Madison Zoning department on September 22, 2022, and a meeting with Alder Paulson on October 13, 2022. Planners from The American Center have attended these meetings and have been involved throughout. The American Center Project Review Committee (PRC) gave initial reactions to the overall project concept at a presentation on November 16, 2022, and the PRC reviewed Phase I plans on January 25, 2023.

This input has helped shape the proposed development with refinements to the site layout and building design, easements, setbacks, stormwater management and zoning. In addition to an Urban Design Commission recommendation to the Plan Commission, this project will require approval by The American Center's Design and Control Committee upon recommendation by the PRC.

## **Project Description**

Phase I will provide 404 dwelling units and up to 9,000 SF of commercial space in 5 buildings. Lot 49 will have a 4-story residential apartment building. Lot 50 will have two 4-story apartment buildings connected by a 2-story "Commons". The Commons will have amenity spaces for Phase I of the development including a pool, Community Room, meeting spaces and a Business Center. All buildings will feature underground parking and internal trash/recycling collection. Cascade will manage the project with their own on-site staff. The overall project will provide approximately 950 dwelling units and 14,000 s.f. of commercial space when complete.

## **Proposed Zoning**

Lot 47: CC-T

Lots 48, 49 & 50: TR-U2

Outlot 2: Private Park with public access easement

## **Site Layout**

A plat will be recorded for this development which will include right-of-way for a new public street (Luminous Land) running north to Eastpark from Dreamer Drive. This new public street will improve circulation and connectivity, which was one of the stipulations from Madison Planning in changing the land use here.

Cross access easements will be provided allowing shared access to parking throughout the development, reducing the number of curb-cuts needed. Buildings have been oriented to the street and parking has been positioned to allow screening from the street where possible.

Two acres have been designated as park in this phase of the project. This park will be privately owned with a public access easement over it allowing it to be enjoyed by all residents, employees and visitors to TAC.

The topography of the site allows for varied exposures which will add variation and visual interest to the buildings. This topography will also be incorporated into the park.

### **Architecture**

The building design has been refined through input from the PRC. The design features clean, modern lines and high-quality materials that will fit in well with the existing buildings within the park. Featured materials include natural stone and brick veneers, fiber composite siding and composite panels. The mixed-use building on The Commons will be five-stories tall, all other buildings are four-stories. Buildings will range from 55-65 feet in height, and all buildings will comply with FAA regulations and the viewshed deed restriction from the American Family corporate offices. Mechanical equipment will be screened, with equipment located on rooftops screened by building parapets.

### **Parking**

Bus Rapid Transit will serve this site and Planning staff have indicated they would encourage any parking reduction the developer is comfortable with, especially any reduction in surface parking. Structured parking will be provided within the buildings, with the goal of one structured stall per dwelling unit. Surface and on-street parking will bring the overall ratio to under 1.5 stalls per dwelling unit.

### **Landscaping**

The Landscape design features native plants and natural treatments. At the park the natural topography will provide opportunities for grade change and terraces.

### **Exterior Lighting**

Exterior lighting will comply with Madison ordinances and will be high efficiency LED and Dark Sky compliant.

### **Project Schedule**

Streets and infrastructure are scheduled for summer of 2023. Phase I building construction would start immediately following.

Thank you for your time and consideration of our proposal.

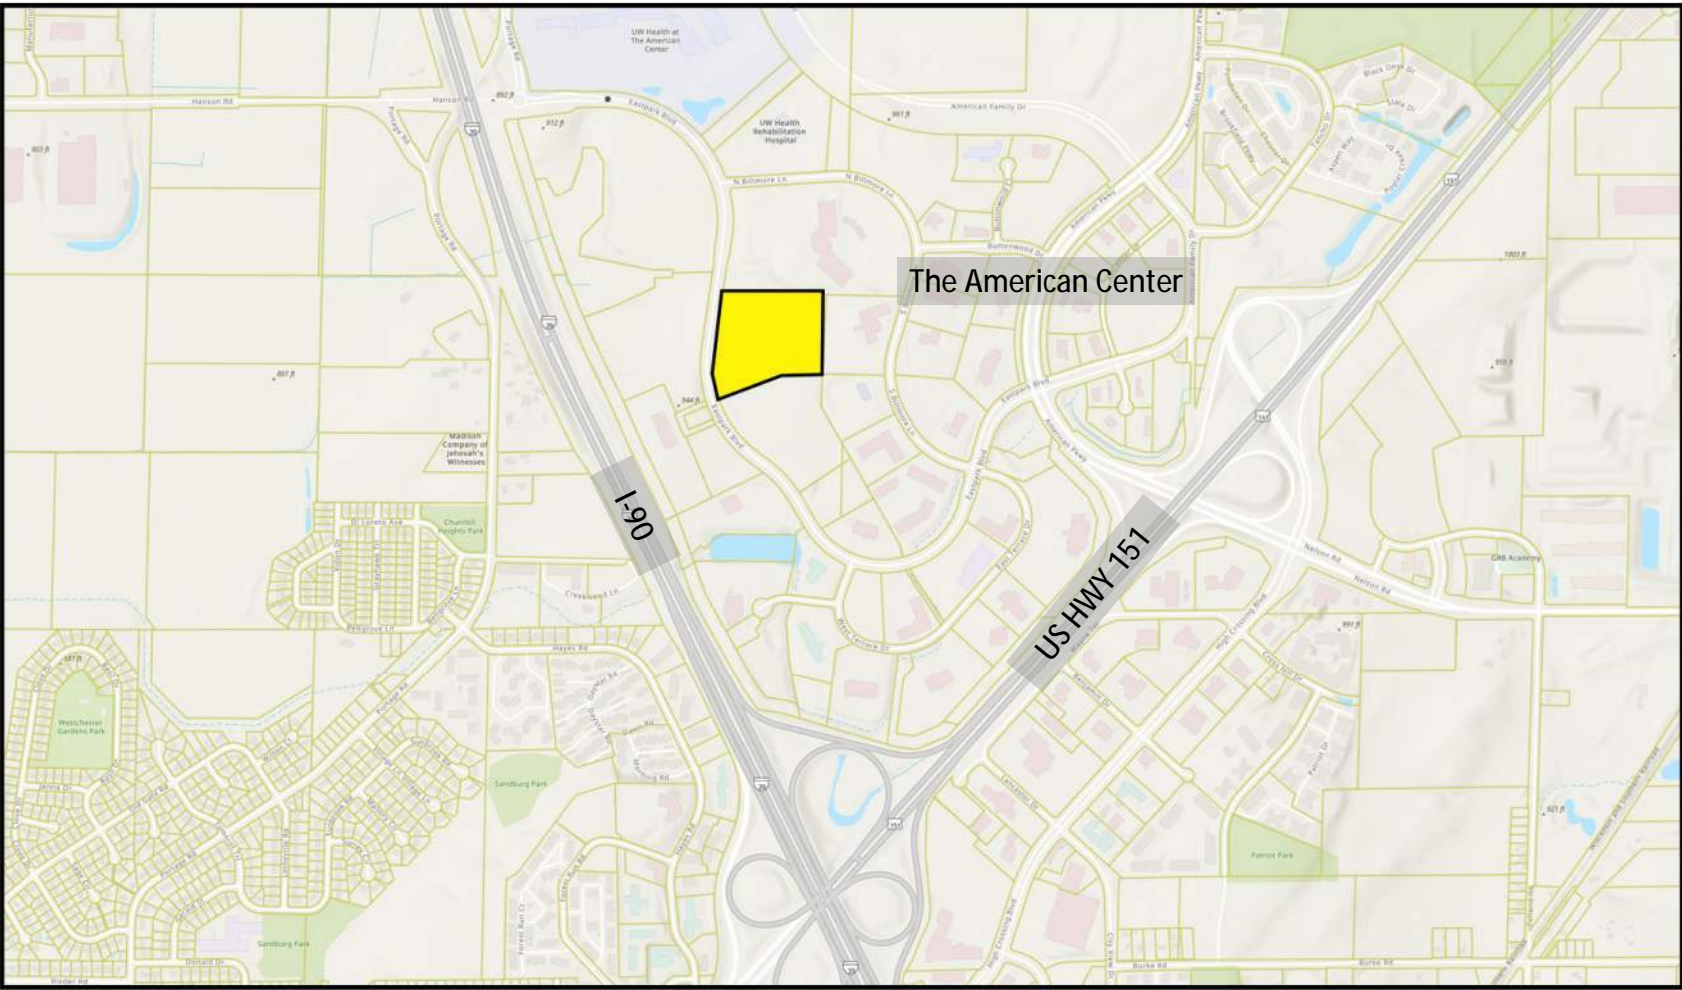

Sincerely,

Greg Held, AIA

GENERAL NOTES:

1. This plan is not intended to be a property survey as defined in Chapter A-E 7 of the Wisconsin Administrative Code. The property lines shown on this plan are based on found monumentation, Certified Survey Map #15829, recorded as Document # 5778376 and subsequent surveys of record.
2. This plan is based upon field survey work performed on August 17, 18 and 24, 2022. Any changes in site conditions after August 24, 2022 are not reflected by this plan.
3. This plan is referenced to the Wisconsin County Coordinate System--Dane Zone, NAD 83 (2011). Elevations are referenced to NAVD 88 (2012) datum. Field data was obtained using Robotic Total Station and GPS.
4. All underground utilities have been located per markings placed on the ground or maps provided by the utilities (owners) and/or their authorized representatives. Markings are per Digger's Hotline ticket #20223311075 and #20223311078. No private locate request was made. Vierbicher does not warrant the locations marked or mapped by others. Sewer and water pipe sizes were obtained from the City of Madison GWeb site. Some storm sewer pipe sizes were measured during the survey.
5. No attempt has been made as a part of this plan to obtain or show data concerning condition, or capacity of any utility or municipal/public service facility. For information regarding these utilities contact the appropriate agencies.
6. Surveyor has made no investigation or independent search for easements of record, encumbrances, restrictive covenants, or ownership title evidence, or any other facts that a title search might reveal, except those easements shown on the Creek Crossing At St. Francis plot.
