Introduction

The proposed new development is located at 430, 432, and 444 State Street, which is in the Capitol Neighborhood Association. This site is in the Downtown Core (DC) district and will be a mixed-use building. There are commercial buildings located on these sites and the sites will be combined into one lot via a new Certified Survey Map (CSM) as part of this project. It is also immediately adjacent to Peace Park.

Project Description:

The proposed project is a 5-story building, mixed-use development consisting of 26 dwelling units and approximately 6,455 S.F. of commercial space. The units consist of studios, one-bedroom and two-bedroom apartments.

The proposed building has been designed to be in context with the surrounding neighborhood structures which consists of similar mix-use buildings with commercial space, such as restaurants and retail stores, on the first floor. The desire is to have a restaurant located on the first floor overlooking

State Street. There will also be commercial space located in the lower level. The massing of the building also steps back at the 5th floor level as required per the Downtown Height Map. The exterior of the building will be predominantly masonry and glazing with large amounts of glazing facing State Street at the first-floor level. The building has been designed to be complementary to the adjacent mixed-use buildings by having a light-colored façade and is consistent with the Downtown Urban Design Guidelines.

City and Neighborhood Input:

We have met with the City on several occasions for this proposed development including meetings with Staff and attending a DAT Meeting and this input has helped shape this proposed development. A neighborhood meeting was held on January 31, 2022, led by Tim Parks and Alder Patrick Heck. Additional steering committee meetings were also held with the Neighborhood Association and the feedback from the neighborhood and the Alder has been taken into consideration.

Demolition Standards:

The existing buildings have had a variety of uses and have served many people over their time, but some of this space is now vacant, and we are proposing that the existing building be removed. The buildings are not Landmark structures and are not in an existing Historic District or part of a National Register. We believe the demolition standards can be met, and a Re-use and Recycling Plan will be submitted prior to the deconstruction of the existing commercial structures.

Conditional Use approvals:

The proposed redevelopment requires a conditional use to allow for new construction of a building within the Downtown Core district that is greater than 20,000 S.F. and has more than four stories, and for a new development adjacent to a City park. The proposed building's size, scale, and use are consistent with the City's Comprehensive Plan for this property, which calls for Downtown Mixed Use. The building's height is also consistent with the Downtown Height Map with the step-back above the 4th floor and can transition up to 6 stories when set back 30'.

Site Development Data:

Densities:

Lot Area	6,928 S.F. / .16 acres
Dwelling Units	26 D.U.
Lot Area / D.U.	266 S.F./D.U.
Density	163 units/acre
Lot Coverage	6,311 S.F. / 91 %
Usable Open Space	1,732 S.F.

Building Height: 5 Stories

Commercial Area: 6,455 S.F.

Dwelling Unit Mix:

Studio	22
One Bedroom	3
Two Bedroom	1
Total	26 D.U.

Vehicle Parking:

Underground	0
Surface parking lot	0
Total	0 vehicle stalls

Bicycle Parking:

Secure, enclosed	26
Guest/Commercial Surface	8
Total	34 bike stalls

Project Schedule:

It is anticipated that the construction on this site will start in the Summer of 2023 with a final completion of Summer 2024.

Thank you for your time and consideration of our proposal.

Sincerely

Kevin Burow, AIA, NCARB, LEED AP
