Project Description, Analysis and Conclusion

The applicant proposes to establish a restaurant-tavern in an existing multi-tenant commercial building at 7005 Tree Lane. The restaurant-tavern will occupy a 2,648 square-foot tenant space on the first floor. The proposed occupancy is 91. The proposed hours of operation are Monday to Sunday, 10 a.m. to 10 p.m. No exterior building changes are proposed at this time.

The [2018 Comprehensive Plan](#) recommends Community Mixed-Use (CMU) development for the subject site. Employment, retail, civic, institutional, and service uses serving both adjacent neighborhoods and wider community markets are recommended for CMU areas. A restaurant-tavern use is appropriate in CMU areas.

The Conditional Use approval standards state that the Plan Commission shall not approve a conditional use without due consideration of the City's adopted plan recommendations, design guidelines, supplemental regulations, and finding that all of the conditional use standards of MGO §28.183(6) are met. Please note, recent changes to state law requires that conditional use findings must be based on "substantial evidence" that directly pertains to each standard and not based on personal preference or speculation.

If approved, the Plan Commission retains continuing jurisdiction over this conditional use, meaning that should complaints be filed, the Plan Commission could take further action on this conditional use as allowed in MGO Section 28.183(9)(d).

Staff believe that the proposed restaurant-tavern can be found to meet the Conditional Use approval standards and recommends that it be approved by the Plan Commission, subject to input at the public hearing and comments from reviewing agencies.

At the time of report writing, staff was not aware of any concerns regarding this request.

Recommendation

Planning Division Recommendation (Contact Lisa McNabola, 243-0554)

The Planning Division recommends that the Plan Commission find that the approval standards for conditional uses are met and **approve** the request to allow a restaurant-tavern and in the Suburban Employment (SE) District at 7005 Tree Lane. This recommendation is subject to input at the public hearing and the following conditions:

Recommended Conditions of Approval Major/Non-Standard Conditions are Shaded

Zoning (Contact Jacob Moskowitz, 266-4560)

1. Maximum Per Section 28.186(4)(b), the property owner or operator is required to bring the property into compliance with all elements of the approved site plans by the date established by the Zoning Administrator as part of the site and building plan approval. Work with Zoning staff to establish a final site compliance date.
2. Signage approvals are not granted by the Plan Commission. Signage must be reviewed for compliance with Chapter 31 Sign Codes of the Madison General Ordinances. Signage permits are issued by the Zoning Section of the Department of Planning and Community and Economic Development.

Engineering Division (Contact Tim Troester, 267-1995)

3. This site appears to have a land use that will result in their inclusion as a restaurant class sanitary sewer customer. This will charge commercial kitchen facilities a higher sanitary sewer fee per gallon than domestic users and is based on strengths of waste measured at representative similar customers throughout the City. If the applicant desires, a sampling structure may be installed, as part of the initial construction at their cost, to allow site-specific sampling of their waste to determine sanitary sewer charges specifically for this site. If no sampling structure is installed, this site will default to the restaurant class code in MGO Chapter 35. If you have questions on the restaurant class sewer charges please contact Megan Eberhardt at Meberhardt@cityofmadison.com or 608-266-6432.

Fire Department (Contact William Sullivan, 261-9658)

4. Without fire sprinkler protection, the occupant load shall be limited to 99 occupants including staff.
