TAX INCREMENTAL FINANCE DISTRICT #52 (STOUGHTON RD AND E. WASHINGTON)

INTENT AND PURPOSE

The City of Madison (the “City”) has established that the health of the Madison economy and its neighborhoods is vital. The City intends to continue to expand, stabilize and diversify its economic base while continuing to revitalize neighborhoods. To that end, the City may utilize its various implementation tools, such as the City and Community Development Authority’s (CDA) development revenue bonds, tax incremental financing (TIF), and other State or federal tools that may be available.

In particular, the City of Madison is proposing to create Tax Incremental District (TID) #52–(E. Washington & Stoughton Rd) as a blighted area TID, for the purposes of capturing incremental value to fund certain public works improvements that will benefit the TID and the larger community. Specifically, the City plans to invest funds into public works improvements, affordable housing development, small business development and parks improvements.

PROPOSED CHANGES IN ORDINANCES, CODES OR PLANS

The project elements proposed in this Project Plan conform to the objectives and recommendations contained in the Comprehensive Plan For The City of Madison (the “Master Plan”) as approved by the City Plan Commission. No changes in the Official Map, Building Codes or other City Ordinances appear to be necessary to implement the Project Plan. Zoning changes may be necessary as projects are proposed for the area, although none are proposed at this time. The Plan Commission reviews such proposals.

TID 52 is currently zoned a mix of: CC-T, SR-V2, TR-C4, SR-C3, TR-C4, TR-V1, TR-C1, and TE.

Consistency with the City of Madison Comprehensive Plan

The project elements in this Project Plan conform to the objectives and recommendations contained in the City of Madison Comprehensive Plan which can be found at:

<https://www.cityofmadison.com/dpced/planning/comprehensive-plan/1607>

The City of Madison estimates that the percentage of territory devoted to retail commercial uses in TID 52 is approximately 52% of the area within TID 52.

Consistency with TIF Policy

The Project Plan is also consistent with City of Madison Tax Incremental Finance Objectives and Policies (the “TIF Policy”) adopted by the City’s Common Council on April 17, 2001 and amended most recently on February 25, 2014. The Project Plan conforms to the following TIF Policy goals:

Section 1: TIF Goals

- A. Growing the property tax base.
- B. Encouraging adaptive re-use of obsolete or deteriorating property.
- C. Encouraging urban in-fill projects that increase (or decrease where appropriate) density consistent with the City’s Comprehensive Plan.
- F. Creating a range of housing types and specifically encouraging the development of workforce and affordable housing, especially housing that is for those earning much less than the area median income.
- G. Funding public improvements that enhance development potential, improve the City’s infrastructure, enhance transportation options, and improve the quality and livability of neighborhoods.
- I. Reserving sufficient increment for public infrastructure in both TIF project plans and TIF underwriting.

PROPOSED PROJECT COSTS

The following represent total estimated costs. By TIF Law, TIF may only pay for the non-assessable portion of these costs. More detail is provided in the section entitled “Detailed Estimate of Timing and Project Costs” that estimates the amount of cost paid with TIF.

Half Mile Rule

It is the City’s intent to request the Joint Review Board to authorize the use of the so called “Half Mile Rule” in and adjacent to TID 52. This will allow funds from TID 52 to be spent within a half mile of TID 52.

Public Works Improvements

The City intends to complete multiple public works projects in TID 52. These projects, led by City Engineering and Parks agencies, are listed below. The project costs below are total costs inclusive of non-TIF and other funding sources. The Detailed Estimate and Timing of Project Costs later in this Project Plan further describes the timing for each project, as well as identifying how much funding from other non-TIF sources is included in the budget.

Project	Description	Total Cost (including TIF and non-TIF funds)
City Engineering	Sanitary Sewer Upgrades (Commercial Ave / Hawthorne Neighborhood)	1,000,000

Estimated Cost:

\$1,000,000

Community Development Authority Revitalization Activities

In accordance with Section 66.1333 of the State Statutes (Redevelopment Law), the CDA may undertake a variety of revitalization activities in the TIF District if that area corresponds to the boundary of a Redevelopment District. The Detailed Estimate and Timing of Project Costs later in this Project Plan further describes the timing for each project, as well as identifying how much funding from other non-TIF sources is included in the budget.

Consistent with the City’s Hawthorne Truax neighborhood plan that includes the Truax Park Apartments, the CDA anticipates making improvements to the recreational amenities and facilities at this CDA owned and operated property.

Project	Description	Total Cost (including TIF and non-TIF funds)
CDA Truax Park Apartments Recreation Facilities	Recreation Facilities	500,000

Estimated Cost:

\$500,000

Economic and Community Development Assistance

Development Loans

Where necessary or convenient to the implementation of the Project Plan, TIF assistance in the form of loans may be provided to private development projects, that demonstrate that “but for” such TIF assistance, the project would not occur. TIF Law allows such funds to be used to reduce the cost of site acquisition or site improvements including the construction or razing of buildings, parking facility construction, site preparation, environmental remediation, landscaping and similar types of related activities.

Land Banking / Land Acquisition

In order to construct the public improvements and for the revitalization and development of private property, the acquisition of property and relocation of occupants may be necessary in this TIF District. The acquisitions could vary from rights-of-way and air space to entire parcels.

Small Business Assistance

In order to assist small businesses in and around TID 52, the City may provide additional funding to the existing Commercial Ownership Assistance program, Façade Grant Program, and Building Improvement Grant Program, as well as extend the existing Small Cap TIF program that is currently in use in TID 39.

Project	Description	Total Cost (including TIF and non-TIF funds)
Small Business	Building Improvement / Façade Grants	400,000
COA	Commercial Ownership Assistance Program	200,000
Small Cap TIF	Small Cap TIF	200,000
Development Loans	Former Gardner Bakery project	2,350,000
Development Loans	Potential 3000 Block E. Washington	1,700,000

Estimated Cost: **\$4,850,000**

Affordable Housing

This category of costs is for the benefit of affordable housing and the improvement of housing stock in the City of Madison. After the date on which TID 52 pays off all of its aggregate costs, as provided for in State Statute the City may extend the life of TID 52 for one year to benefit affordable housing and to improve housing stock. The City may in the future use TIF funds to develop a small cap homeownership program, provide funding for owner occupied affordable housing, provide home buyer assistance, expand the City's current rental rehab program, and provide financial assistance to additional affordable rental housing.

Estimated Cost: **\$0**

Organizational, Administrative and Professional Costs

This category of project costs includes estimates for administrative, professional, organizational and legal costs. Project costs may include salaries, including benefits, of City employees engaged in the planning, engineering, implementing and administering activities in connection with TID 52, supplies and materials, contract and consultant services, and those costs of City departments such as the Finance Department, City Attorney, City Engineer, Parks Division, DPCED, and the Office of the Mayor.

Estimated Cost: **\$532,000**

Total Cost (including TIF and non-TIF / Assessable Costs) **\$6,882,000**

Financing Costs

The total TIF-eligible cost authorized in the Detailed Estimate of Project Cost and Timing represents the total TIF Capital Budget for which TIF funds may be used. Finance costs represent the estimated amount of interest incurred if the City were to borrow funds to pay for the entire TIF-eligible costs. Staff estimates that in the event the City of Madison borrows funds

to pay for the capital costs authorized herein that tax increments estimated to be generated by the district over its life may be sufficient to repay **\$6,882,000** of TIF-eligible project costs and an estimated **\$1,892,000** financing cost.

DETAILED ESTIMATE OF TIMING AND PROJECT COSTS

The following are the eligible project costs as provided for under Section 66.1105 (2)(f), Wisconsin Statutes and the timing in which certain project costs will be incurred. TIF Law requires that all project plan expenditures be made within a blighted area TID within 22 years of its creation. Certain project costs will be subject to the anticipated long-term development expectations as described elsewhere in this Plan.

The actual eligible project costs herein (shown below) may vary or may be adjusted without a project plan amendment, so long as the total amount of eligible costs does not exceed the amount adopted in the Project Plan. New costs, not included in this Project Plan, that are identified over time shall require a project plan amendment. **There are \$0 in assessable, non-project costs.**

Type TID / Major Project	Project/Program Name	Year / Time Frame	Proposed TIF Funded Non-Assessable Costs	Assessable / Non-TIF Project Costs	Total
City Engineering	Sanitary Sewer upgrades (Commercial Ave / Hawthorne Neighborhood)	2023-2050	\$1,000,000	\$0	\$1,000,000
CDA	CDA Truax Park Apartments (Recreational Facilities)	2023-2050	\$500,000	\$0	\$500,000
Economic Development	Building Improvement / Façade Grants	2023-2050	\$400,000	\$0	\$400,000
Economic Development	Commercial Ownership Assistance Program	2023-2050	\$200,000	\$0	\$200,000
Economic Development	Small Cap TIF	2023-2050	\$200,000	\$0	\$200,000
Economic Development	Development Loans (Gardner Bakery)	2023-2050	\$2,350,000	\$0	\$2,350,000
Economic Development	Development Loan (Potential 3000 Block of E. Washington)	2023-24	\$1,700,000	\$0	\$1,700,000
Admin	Professional / Admin Services	2023-2050	\$532,000	\$0	\$500,000
TOTAL			\$6,882,000	\$0	\$6,882,000
Financing Costs			\$1,892,000	\$0	\$1,892,000

NOTE: These project costs and non-project costs conform with State Statute 66.1105(4)(GM).

SUMMARY OF TOTAL PROJECT COSTS AND ECONOMIC FEASIBILITY

The project costs include the estimated costs of planning, engineering, construction or reconstruction of public works and improvements and financing costs. **The actual eligible project costs, outlined herein, may vary or may be adjusted without a project plan amendment, so long as the total amount of eligible costs does not exceed the amount adopted in the Project Plan.**

How Tax Increments Are Generated, Used

Under the Wisconsin TIF Law, the property taxes paid each year on the increase in equalized value of the Tax Incremental District may be used by the City to pay for eligible project costs within the TID. Taking the TID's current value as a result of growth and deducting the value in the District that existed when the District was created determines the increase in value. All taxes levied upon this incremental (or increased) value by the City, Madison Metropolitan School District, Dane County, and the Madison Area Technical College District are allocated to the City for direct payment of project costs and payment of debt service on bonds used to finance project costs.

Per TIF Law, the maximum life of a blighted area TID is 27 years and all project expenditures must be made five (5) years prior to the termination of the TID. Therefore, all project expenditures in TID 52 must be made by December 31, 2045. Tax increments may be received until project costs are recovered, at which time the TID must close.

TIF-Eligible Capital Budget

The cost of public improvements and other project costs is \$6,882,000. There are no (\$0) anticipated costs that will be assessable to property owners or funded through other sources such as State and Federal grants. Assessments are determined in accordance with the City and Board of Public Works standard special assessment policies. Given that there are no (\$0) costs that are assessable to property owners or will be funded from non-TIF sources such as state and/or federal sources, **the \$6,882,000 balance of the TIF-eligible project costs (i.e. net of assessable costs and costs paid for by state and/or federal sources) represents the authorized TIF Capital Budget for this Project Plan.**

Estimate of Economic Feasibility, TIF Generator(s)

TIF Policy requires a proposed TID have an economic "generator" i.e. at least one private development project that generates increment to finance TID costs, or a TID shall be identified as a "speculative TID". TID #52 has one generator of tax increments, as described below:

Former Gardner Bakery Site—Developer proposes to construct 245 affordable housing units, 2,000 SF of commercial and 282 structured parking stalls at the former Gardner Bakery site at in 2023. Total Incremental Value: \$21,380,000

Potential 3000 Block of E. Washington—Developer is considering the construction of approximately 190 affordable housing units at a former car dealership property at 3100 E. Washington Avenue. The estimated incremental value is \$17,880,000.

As demonstrated in the section entitled Expectations for Development, a conservative estimate of total incremental value resulting from potential development projects, and economic growth or value appreciation over the life of the TID is estimated to be **\$87,901,000**. This value includes the **\$38,460,000 of incremental value** generated from the projects outlined above, along with an additional **\$49,441,000** of value appreciation over the life of the TID.

Since a significant amount of the project cost is financed with long-term debt, borrowing would be undertaken only when sufficient development actually occurs to support each borrowing segment and the expenditure of such funds.

Based on the current tax rates and conservative financial market assumptions, the anticipated economic growth of tax incremental revenues over the life (i.e. the total amount of tax increments over 27 years) of the TID should total approximately **\$22,038,000**. The present value of the total incremental revenues that are anticipated to be generated is **\$6,882,000**.

As previously indicated, each segment of the project (i.e., every individual cost element) will require subsequent approval by the Common Council and/or the CDA. The method of financing and the individual debt issues will also require Common Council approval. It is the City's intent to closely monitor all planned and actual development within the TID. The actual City investment in TID 52 may, therefore, be less than the amount shown in the Project Plan.

Finance Cost

Staff estimates that TID increment could support interest payments on capital borrowing. The estimated interest and finance cost of to borrow \$6,882,000 is **\$1,892,000**.

PROMOTION OF ORDERLY LAND DEVELOPMENT

The area in this TID is identified for “Employment”, “Community Mixed Use”, “Low Density Residential”, “Medium Density Residential”, and “General Commercial” land use in the City of Madison Comprehensive Plan. Descriptions of this use and its corresponding density can be found in the City of Madison Comprehensive Plan at this link:

<https://imaginemadisonwi.com/sites/imaginemadisonwi.com/files/document/pdf/180501%20Comprehensive%20Plan%20-%20Full.pdf>

TID 52 is a blighted area TID, as defined by State Statute.

EXPECTATIONS FOR DEVELOPMENT

The expectations for development in TID #52 have been developed from and predicated on the Comprehensive Plan for the City of Madison and the Downtown Plan, as adopted by the Common Council.

Potential Areas for Development

The Potential Areas for Development include the currently undeveloped parcels of land within the TID. The development on these sites is described in further detail in this project plan.

Annual Value Increment Estimates

Definition of Value Increment: The increase in value is determined by deducting the value in the TIF district that existed when it was created (i.e. the “base value”) from the TIF district’s increased value as a result of new development. Appreciation of the base value and the new development over the full 27-year life of the TIF district is also included in this estimate.

Timeframe for Development: For the purposes of this project plan’s economic expectations, the TIF generator projects indicated herein are expected to occur within the first 10 years of the district’s life.

Anticipated Development: The actual timing and value of new growth within the TID depends upon variables that are unpredictable at this time. However, based upon projects that have already been proposed or are underway (shown in the “Estimate of Economic Feasibility, TIF Generators” section of this project plan), the City estimates that the TIF generator will create **\$38,468,000** of incremental value. The total incremental value (including estimated TIF Generators and appreciation of property value within the TID) generated over the 27-year life of the district is estimated at approximately **\$87,901,000**. This growth is estimated to generate approximately **\$22,038,000** of tax increments over the life of the TID. The estimated present value of these tax increments is **\$6,882,000**.

METHODS FOR THE RELOCATION OF DISPLACED PERSONS AND BUSINESSES

Where the relocation of individuals and business operations would take place as a result of the City’s acquisition activities occurring within the District, relocation will be carried out in accordance with the relocation requirements set forth in Chapter 32 of the Wisconsin Statutes and the Federal Uniform Relocation Assistance and Real Property Acquisitions Policy Act of 1970 (P.L. 91-646) as applicable.

LEGAL DESCRIPTION

NOTE: Wetland areas are specifically excluded from inclusion within TID 52.

A parcel of land located in the Southeast $\frac{1}{4}$ of the Southwest $\frac{1}{4}$, the Northeast $\frac{1}{4}$ of the Southwest $\frac{1}{4}$, Southwest $\frac{1}{4}$ of the Southeast $\frac{1}{4}$, the Southeast $\frac{1}{4}$ of the Southeast $\frac{1}{4}$, the Northwest $\frac{1}{4}$ of the Southeast $\frac{1}{4}$, the Northeast $\frac{1}{4}$ of the Southeast $\frac{1}{4}$, the Southwest $\frac{1}{4}$ of the Northeast $\frac{1}{4}$, and the Southeast $\frac{1}{4}$ of the Northeast $\frac{1}{4}$ all of Section 32, Township 8 North, Range 10 East; and the Southwest $\frac{1}{4}$ of the Northwest $\frac{1}{4}$ and the Northwest $\frac{1}{4}$ of the Northwest $\frac{1}{4}$ all of Section 33, Township 8 North, Range 10 East all in the City of Madison, Dane County, Wisconsin, more particularly described as follows:

Commencing at the South Quarter corner of said Section 36, Township 8 North, Range 10 East in the City of Madison; Thence easterly along the south line of the Southeast $\frac{1}{4}$ of said Section 32, a distance of 32.61 feet more or less to the intersection of the southerly extension of the easterly right-of-way of Rethke Avenue;

PARALEGAL
Ryan M. Riley

June 7, 2023

TO: Joseph E. Gromacki, TIF Coordinator
FROM: Matthew Robles, Assistant City Attorney
SUBJECT: Project Plan for TIF District No. 52 - City of Madison (E. Washington & Stoughton Rd.)

Dear Mr. Gromacki:

In my capacity as Assistant City Attorney for the City of Madison, Wisconsin, I have examined the Project Plan for Tax Incremental Finance District No. 52, City of Madison, Wisconsin, dated June 7, 2023. Based on this examination, I am of the opinion that the Project Plan is complete and complies with the provisions of Secs. 66.1105(4)(f), Wis. Stats.

I render no opinion with respect to the accuracy or validity of any statement and/or finding contained in the Project Plan, but direct City officials to review the reports of City staff as regards to the Plan.

Sincerely,

A handwritten signature in black ink, appearing to read "M. D. Robles", written over a horizontal line.
