Internal Audit Annual Plan

- An internal audit annual plan is an outline of the internal audit function activities for a specific period, typically one year.
- The annual plan states the audit objectives, scope and the approach to be adopted by the internal audit function in conducting an independent and objective assessments of an organization's operations, systems, processes, and controls.
- The purpose of the internal audit annual plan is to ensure that the internal audit activities are aligned with the organization's goals and objectives, and to provide assurance on the effectiveness of risk management, internal controls and governance processes
- The annual plan identifies agencies and other City's processes to be audited based on the results of risk assessments (Baker Tilly's assessment and the yearly risk assessment by the internal audit function), and other regulatory requirements.
- The internal audit annual plans shall be approved by the Common Council through the Finance Committee before it becomes operational.

Internal Audit Charter

- An internal audit charter is a formal document that defines the purpose, authority, scope, and responsibilities of the internal audit function within an organization.
- It establishes the role of the internal audit unit within the City's governance structure, and provides a framework for conducting audits in a systematic and consistent manner.
- It helps to ensure the independence, objectivity and effectiveness of the internal audit function.
- Internal Audit Charter will typically include:
 - Purpose
 - Authority
 - Scope
 - Responsibilities
 - Independence and Objectivity
 - Professional Standards
 - Reporting and Communication
 - Quality Assurance and Improvement
- The charter should be approved by the governing body to which the function is responsible.
