Dear Finance Committee Members,

I am writing as a parent of a child who attends the Theresa Terrace Neighborhood Center on the SW side of Madison. I am asking you to support the full 10% increase in funding in School-Age Child and Youth Development programs that's part of the "B List additional Allocation" in agenda item 78717 for the July 17th meeting. Theresa Terrace Neighborhood Center has been an amazing place for our child to go after school and in the summer time. The staff take such good care of the kids in our neighborhood and really help build a stronger community. I don't know what our neighborhood would look like without them, and I don't want to find out. They provide quality programs while building strong, positive relationships with kids and families. We are lucky they are here for us.

Thank you for your consideration and support of this funding.

to “To whom it may concern, I'm writing to in regards to the after school and summer program here at Kennedy Heights Apts. These programs are very important to our community. They provide learning, fun, and most importantly stability for our children. The programs give children a chance to learn and grow in a positive manner. Keeping them busy and away from the troubles of this world!! We ask you please provide us with the proper funding needed to continue these programs, an increase in that funding would be greatly appreciated. It could provide the children with new reading materials, sports equipment, educational field trips, etc. We appreciate you and we thank you. Sincerely Demetria Fitzpatrick
