

MEMORANDUM

Date: July 26, 2023

To: Water Utility Board

From: Krishna Kumar, General Manager
January Vang, Finance Manager

Subject: Authorizing Madison Water Utility's General Manager to certify municipal services bills, assessments, and charges to the 2023 tax rolls of **other governmental units** for delinquent accounts in those jurisdictions

BACKGROUND

City of Madison water and sewer utilities provide service to customers outside the City of Madison to the following ten local jurisdictions:

1. Cities of Fitchburg, Middleton, and Monona (3)
2. Towns of Blooming Grove, Burke, Middleton, and Verona (4)
3. Villages of Maple Bluff, McFarland, and Shorewood Hills (3)

The Madison Water Utility administers the billing service for water and sewer service to residents in these ten other local governmental jurisdictions. These other jurisdictions desire that all delinquent water and sewer related bills, assessments, and charges with due dates between September 23, 2022 thru September 22, 2023 be transferred into their respective 2023 tax rolls for eventual collection. This resolution is one of the necessary steps to aid those ten local jurisdictions to accomplish this. No appropriation is required.

Staff request the Board to authorize general manager to certify the 2023 tax rolls on behalf of the towns of Blooming Grove, Burke, Middleton, and Verona, of the villages of Maple Bluff, McFarland, and Shorewood Hills, and the cities of Fitchburg, Middleton, and Monona any delinquent municipal services bills, water or sewer main assessment installations, and water and sewer lateral charges.
