Amendment Narrative

Brief description of what the amendment will do (e.g. add/remove funding, change project timing)

The proposed amendment adds three projects to the Streets Division Horizon List: Sycamore Maintenance Facility Fire Suppression, Sycamore Facility Siding, and Badger Rd Facility Wash Bay Expansion.

Sycamore Maintenance Facility Fire Suppression

- **Description:** The facility's fire suppression system is the original system installed in the building and requires repair. Presently, water is leaking into the pipes and causing corrosion.
- **Estimated Budget:** \$475,000
- **Anticipated Operating Impact:** None
- **Issue to be addressed:** Engineering Facilities will review the system to ascertain if a full system change out is required or if there is a more cost efficient way to address the problems.

Sycamore Facility Siding

- **Description:** The siding on the building is the original siding installed and is damaged and/or rusting significantly in several areas.
- **Estimated Budget:** \$650,000
- **Anticipated Operating Impact:** None
- **Issue to be addressed:** Engineering Facilities will review the overall condition of the siding to consider if full replacement or targeted replacement of the siding will be most effective.

Badger Rd Facility Wash Bay Expansion

- **Description:** As Streets has acquired larger equipment, the current wash facility no longer accommodates Streets' needs. Equipment attachments must be removed in order to fit in the way bay which results in a time consuming process to wash equipment.
- **Estimated Budget:** \$525,000
- **Anticipate Operating Impact:** None
- **Issue to be addressed:** Engineering Facilities will consider if expansion to the current wash bay is possible compared to other alternatives, such as if Southpoint opens as currently programmed. The cost estimate is highly uncertain as a number of possibilities need to be explored

In addition, the summary table on Page 15 would be amended to reflect the addition of these projects.

Finance Department Analysis

Additional information/ context on the amendment and the potential impact if adopted.

The amendment adds \$3.2 million in TID-supported GO Borrowing in 2024 due to the realities of the construction bids that were received for the structural improvements, parking ramp, and site and stormwater work at the redevelopment site. The project will be rebid as three separate projects to attract more competition and reduce costs. Once the new bids are received, the budget will be adjusted to reflect the bid amounts, and borrowing will be swapped out for TIF increment, CDA Redevelopment Reserves, and/or repayment of the loan by the CDA to the extent possible. The TIF Project Plan will be amended as needed at that time.

This project was not included in the agency request or Executive Capital Budget in 2024. It was a new project in CDA Redevelopment's 2022 CIP. The 2021 Adopted Budget was amended via resolution to establish \$3.0 million of budget authority to start redevelopment planning and design in 2021 (File #64975, passed 5/18/2021). The total project budget in the 2022 CIP was \$11.2 million, funded by a combination of Tax Increment Financing (TIF) proceeds and TID-supported GO Borrowing. The 2023 CIP increased the project budget by \$7.8 million in Tax Increment Financing (TIF) from Tax Increment District #42 for construction inflation, stormwater work, site work, and public art.

| Debt Service (Non-GF GO) | \$00.00 |
| Taxes on the Average Value Home (TOAH) Impact | \$0.62 |

Finance Department Analysis

Additional information/ context on the amendment and the potential impact if adopted.

The amendment adds \$250,000 in GF GO Borrowing in 2024 and 2025 of the Community Development Division's (CDD) 2024 CIP to fund capital projects that increase the capacity of child care providers in order to increase the number of children, ages birth to 5-years old, able to be served. Unused budget authority in 2024 could be carried forward to 2025.

Priority would be given to proposed projects that are expected to:

- increase the number of children able to be served by the provider;
- increase the number of children able to be served in parts of the City where child care options are more scarce; and/or
- expand access to early child care for children from low-income households and/or children with special health care needs.

CDD staff would develop the program over the first 6 months of 2024, with planned implementation by July 2024. Staff would conduct an evaluation one year after implementation to determine the program's impact in meeting the goal of increasing the number of children in Madison, ages birth to 5-years old, able to access early child care services. Results of the evaluation would be used to inform future budget requests.

| Debt Service (Non-GF GO) | \$00.00 |
| Taxes on the Average Value Home (TOAH) Impact | \$7.40 |

Finance Department Analysis

Additional information/ context on the amendment and the potential impact if adopted.

The amendment adds \$1.0 million in GF GO Borrowing in each year of Community Development Division’s (CDD) 2024 CIP to fund the Community Facilities Loan (CFL) program, a loan program for smaller capital projects proposed by non-profit partners to meet facility needs that serve or benefit specific neighborhoods or populations. Unused budget authority in a given year will not be carried forward to subsequent years. For example, if \$900,000 in loans are distributed in 2024, the remaining \$100,000 in borrowing budget authority would not be carried forward into 2025 and beyond.

The CFL program was established in the CDD's 2022 Capital Budget, which allocated \$1.0 million in GO Borrowing to support smaller capital projects proposed by non-profit partners to meet facility needs. No funds were expended in 2022, and the unused amount was reauthorized in the 2023 adopted budget. To date, four loan agreements have been enacted, totaling \$955,000.

Finance Department Analysis

Additional information/ context on the amendment and the potential impact if adopted.

The amendment adds \$150,000 in TID-supported GO Borrowing in 2024 to the Economic Development Division's (EDD) 2024 CIP. The additional borrowing will further fund the activities outlined in the project description in 2024, including but not limited to planning and market studies, marketing efforts, and administrative and consulting costs.

Activities funded by the amendment would be within the scope of the TID project plan, approved by the Common Council on July 12, 2022 (Legistar File #72107).

Finance Department Analysis

Additional information/ context on the amendment and the potential impact if adopted.

This project funds the design and construction of a new pedestrian and bicycle underpass of John Nolen Dr. near the North Shore Dr. & Broom St. intersections. The goal of this project is to provide a safe & convenient alternative to crossing John Nolen Dr at the intersections. The design and construction will be coordinated with both the John Nolen Dr Reconstruction Project as well as the Lake Monona Waterfront Master Plan. The funding in 2024 is for design and 2027 is for construction. \$6.0 million in Federal funds are anticipated for construction.

Additional information/ context on the amendment and the potential impact if adopted.

The Brittingham Beach House improvement was first included in the 2015 CIP. In 2021, the Brittingham Beach House was moved to the Horizon List. This project was included in the 2023 Adopted CIP with funding in 2028 for design, with construction funding anticipated in future years. The 2024 Executive budget advanced the Brittingham Beach House project from 2028 and beyond to 2026-2027. The project budget increased by \$1.5 million with a \$700,000 increase in GF GO Borrowing, a \$900,000 increase in Impact Fees, and a \$100,000 decrease in Private Contributions. The proposed amendment moves the Brittingham Beach House project forward by one year with design occurring in 2025 and construction occurring in 2026.

Amendment Narrative

Brief description of what the amendment will do (e.g. add/remove funding, change project timing)

The proposed amendment adds Wingra Triangle Park to the Parks Division's Horizon List.

Wingra Triangle Park

- **Description:** Identify, acquire, and develop an appropriately sited mini-park within the Wingra Creek Triangle bounded by the Creek, Fish Hatchery and Park St. The goal is to create a walkable, welcoming park space for residents of the area, which has experienced a rapid increase in housing development. This would likely be a mini-park of one acre or less given space constraints.
- **Estimated Budget:** \$1.2 million total; \$500,000 acquisition (100% Impact Fees); \$700,000 development (70% Impact Fees; 30% GO Borrowing, depending on the number of affordable units in the area).
- **Anticipated Operating Impact:** Limited Operational impact. Staffing to schedule, operate, and maintain the mini park is \$12K/year. This could change based on amenities.
- **Issues to be addressed:** Identification of a suitable site is the primary issue. Additional engagement and planning would be done after that time to scope the actual construction project and corresponding budget.

In addition, the summary table on Page 15 would be amended to reflect the addition of these projects.

Finance Department Analysis

Additional information/ context on the amendment and the potential impact if adopted.

Replacement of the proposed signal is needed due to its age and scheduled resurfacing work on Segoe Road in 2024. The additional funding from this amendment will allow the signal to be upgraded to include over-the-lane signal indications, better support structures, modern underground conduit systems, and better pedestrian/bike accommodations. Absent this increased funding, the signal would be replaced with a rectangular rapid flashing beacon, which provides less accommodations for road users such as pedestrians and bicyclists.
