Subject: Please Support Budget Agenda Item 10 (Legistar 79467) for Warner Lagoon Dredging

I strongly support Budget Agenda Item 10 to move money forward for Engineering to do Warner Lagoon Dredging Planning and Permitting in 2024-2025 and to advance money in the 2027-228 budget to to do the actual dredging.

I grew up next to Warner Park and loved it, which is why we need to preserve the park for the future by getting rid of the toxic pollution dumped in the lagoon from years of fireworks debris.

Thanks,
