Subject: petitions opposing the Bike Path in Sauk Creek Greenway

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Petition Against Proposed Bike Path in the Sauk Creek Greenway

We, the undersigned are in strong opposition to the construction of a bike path in the Sauk Creek Greenway as proposed by the City of Madison because such a bike trail: (i) goes against the City's Stewardship/Green values by reducing a Tree Canopy and adding impervious surface; (ii) the 2015 Bike Plan said there is NOT a bike network gap in the neighborhood; (iii) the 2000 Bike Plan said it is not a priority since a Primary bike path on Westfield Road exists (now more safe with speed bumps) and a Secondary bike path on High Point Road are within 1000'+feet; (iv) it does not have a connecting destination. Therefore, the proposed bike path should be removed from Complete Green Street Guide, West Area Plan and SC Greenway project.

Petition Against Proposed Bike Path in the Sauk Creek Greenway

We, the undersigned are in strong opposition to the construction of a bike path in the Sauk Creek Greenway as proposed by the City of Madison because such a bike trail: (i) goes against the City's Stewardship/Green values by reducing a Tree Canopy and adding impervious surface; (ii) the 2015 Bike Plan said there is NOT a bike network gap in the neighborhood; (iii) the 2000 Bike Plan said it is not a priority since a Primary bike path on Westfield Road exists (now more safe with speed bumps) and a Secondary bike path on High Point Road are within 1000'+feet; (iv) it does not have a connecting destination. Therefore, the proposed bike path should be removed from the West Area Plan and SC Greenway City Engineering project.
