Good morning Jim,

Our construction team is about a month delayed, roughly, so I want to be proactive on possibly seeing the process that I may need to do for extending the end day for our Alcohol License. I know it was 6 months from when it was approved and I'm thinking it'll be tight meeting that date. What steps do I need to do if we don't make that date with final inspections to still ensure we get our license? Thanks so much for your guidance as we navigate all this for our first time. Appreciate you.

Safe travels on this snowy Friday!

Kindly,

Simon Dettinger
