

Bus Stop Updates 2024 Summary of Changes

Wednesday, April 24 - Transportation Committee Meeting

Approximately 250 bus stops are impacted by updates this year. Updates range from adding accessibility features like bus stop pads, to eliminating stops.

Changes will not occur all at once, as they are dependent on construction projects or future service updates like the implementation of BRT and the addition of Monona. Promotion to passengers will begin soon, including hanging signs at stops for locations that will close.

Improvements to Existing Stops

Of the 250 updates, 126 of them are improvements to existing stops. These improvements help us achieve our goal of having all bus stops be accessible. Many of these improvements include pouring concrete bus pads and increasing pedestrian safety. Property owners have been notified of the work. As of April 15, two property owners have reached out with questions.

Stop Removals

Metro is removing a total of about 30 stops throughout our service area, most of which are stop consolidations to help with on-time performance. Apart from a few stops, all new boarding locations are under 0.1 miles away from the eliminated stop. Staff focused on eliminating stops that were not accessible and often mid-block with no safe pedestrian crossings.

Note: None of the stops removed are more than 0.2 miles away from an alternate, accessible boarding location.

Stop Relocations and Additions

The remaining updates are stop relocations and additions. A large portion of these relocations are moving stops across intersections to a "new" location that is accessible, safer for pedestrians and operators; and can safely accommodate Metro's new larger 60" buses that are planned to serve Routes A, B, F and R. See attached for complete details.

Jenifer, Baldwin, Williamson, Dickinson area

University, Craig, Spring Harbor, Flambeau area

Price, Regent, Segoe, Waukesha area

Milwaukee, Wyalusing, Reston Heights, Sprecher area

Action	Project Funding	Stop ID	Address	Street	Direction, Cross Street	Ald. District
