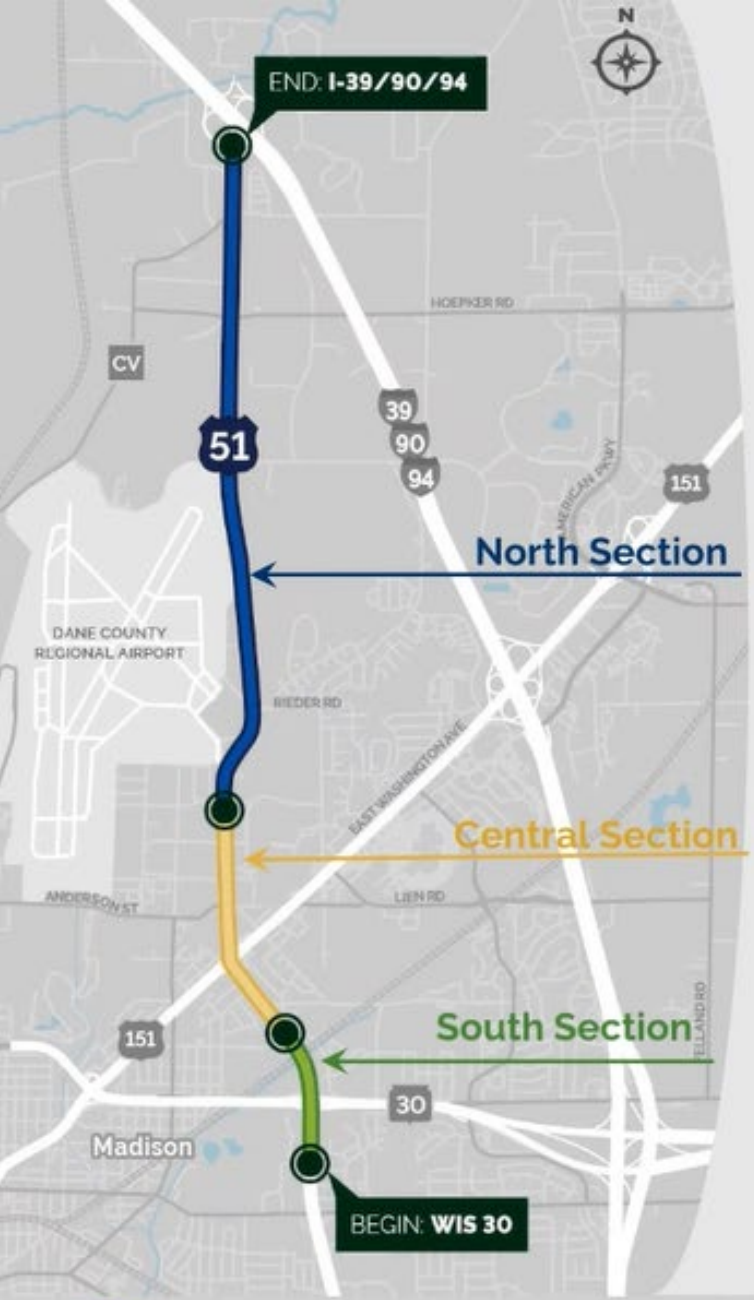
North Stoughton Road update

Transportation Commission Meeting

March 18, 2026

North Stoughton Road

- Final Environmental Assessment previously completed July 21, 2025
- WisDOT revisited the design based on discussions with Dane County Regional Airport and the city
- Now doing environmental reevaluation
- Public meeting scheduled for 3/16 is being rescheduled due to weather



Proposed improvement updates

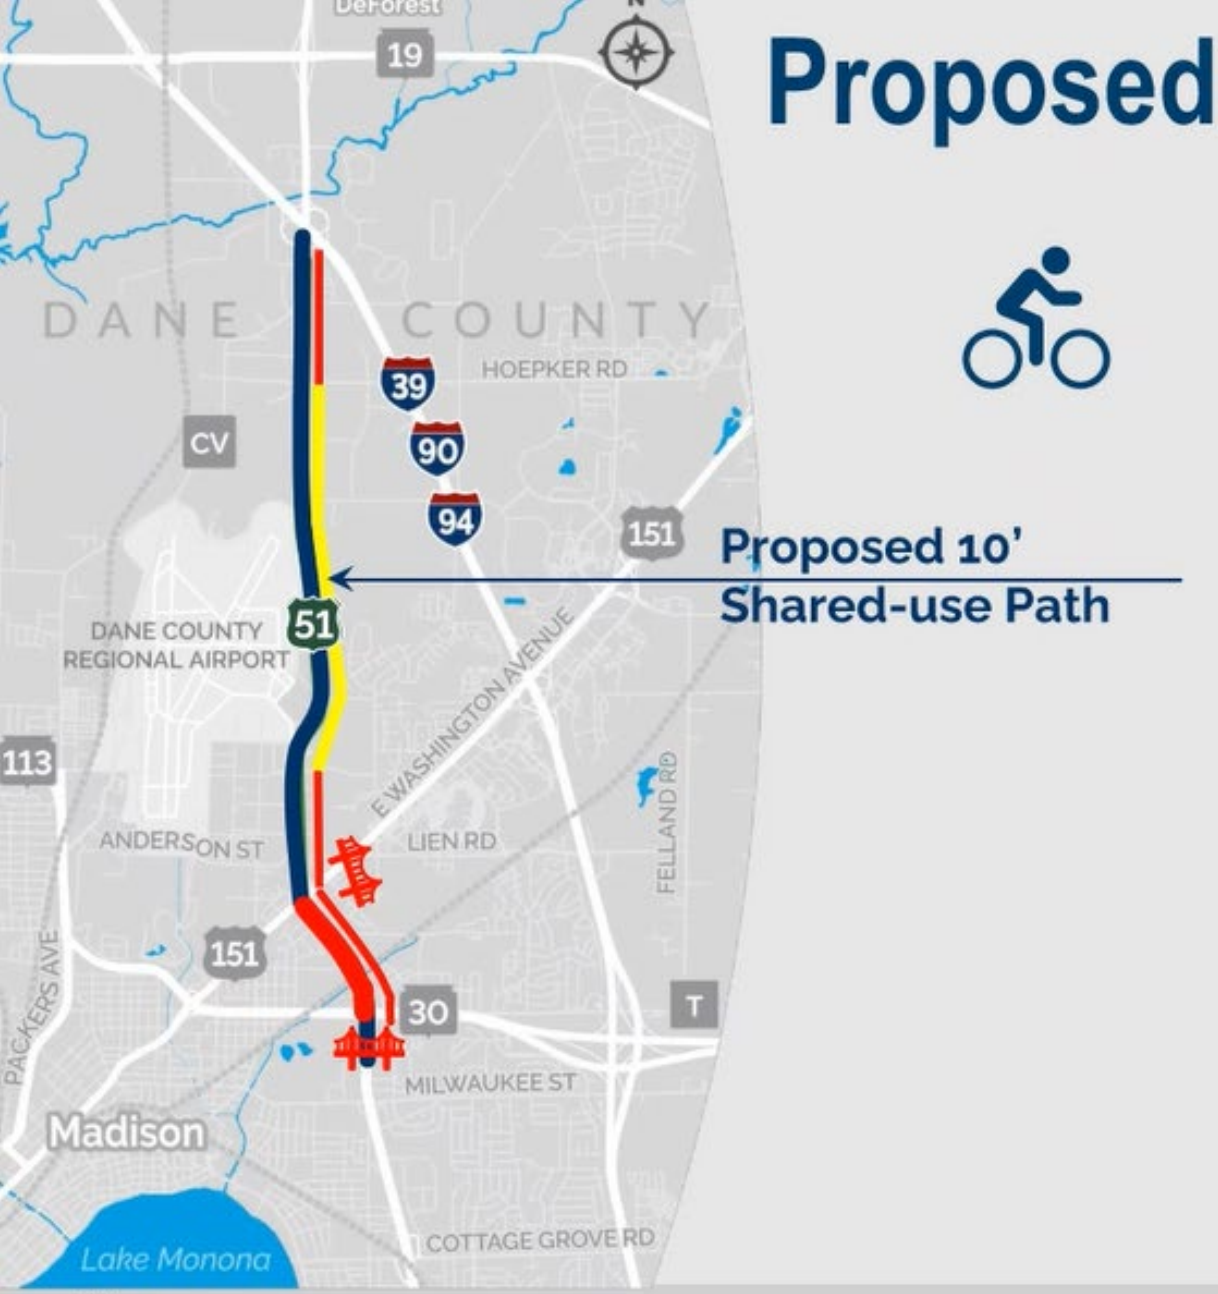
- Environmental reevaluation necessary due to possible design changes
  - Realignment of US 51 near Hanson Road allows the inclusion of a traffic signal at US 51 and Hanson Road
  - Realignment of US 51 allows a shared-use path along the east side throughout the entire corridor

Proposed improvement updates

- US 51 Proposed Alternative
  - Realign US 51
  - Add a traffic signal
  - Add a protected southbound left turn lane on US 51
  - Add left and right turn lanes on Hanson Road

As shown in DCRA Noise Compatibility Study (2025)
Subject to change

Proposed improvement updates



- Bicycle and pedestrian accommodations*
  - Add a 10-foot shared-use path on east side of US 51 from Kinsman Blvd to Hoepker Road to I-39/90/94
  - Creates continuous connection for the entire corridor

**Pending agreement with city of Madison*
