Mark Pitsch
4813 Marathon Drive
Madison, Wisconsin. 53705 No, do not contact me. All Alders SW Area Plan Please amend the Southwest Area Plan to remove new proposed paved paths through Elver Park that cover existing natural running/walking/cross-country ski trails. New paved paths will especially damage cross-country ski trails, which I understand have been maintained for years by the MadNorski club in agreement with the city. Thank you.
