

**CITY OF MADISON
INTER-DEPARTMENTAL
CORRESPONDENCE**

Date: May 15, 2007

To: Mayor Dave Cieslewicz and the Common Council

From: Larry D. Nelson, City Engineer

Subject: Common Council Agenda Item No. 42, Legistar No 06187, Awarding Public Works Contract No. 5999, Park Street Reconstruction and Construction of Relief Storm Sewer.

The construction of the storm sewer outfall in the subject named contract requires a permit from the Wisconsin Department of Natural Resources in accordance with Chapter 30 of the Wisconsin State Statutes. The WDNR has held a public hearing with regards to the City's application, which is contested by property owners who reside on West Shore Drive. This office has requested, and have been granted, an extension of public comment for 2-weeks, which would be May 28, 2007. That will enable the Alder of the 13th District to convey another public meeting which has been scheduled for May 23, 2007. Following the closure of the public comment period, the Department of Natural Resources has 30-days in which to make its determination.

It is recommended that the award of this contract be referred to the Common Council's July 3, 2007 meeting in anticipation of the receipt of the permit.

Larry D. Nelson, P.E.
City Engineer
