I wholeheartedly endorse Libby Monson as the interim Alderman for District 7. Her dedication to the citizens of the District is well proven. I am confident our common district will be well represented by Ms. Monson on the City Council.

Common Council Informational Session

I am writing in support of Libby Monson and her application to fill the vacant 7th district alder seat. I live in the 7th district and have been served as neighborhood president for the Glacier Ridge Neighborhood Assoc., worked with Veridian on the construction of a pool in our neighborhood and still serve on the board for the GRNA. I have known Libby for the past 6+ years both professionally and on a personal level. I worked with Libby when she served as the president of the Country Grove Neighborhood Assoc. and as a realtor in the sale of residential property within our district.

Libby would be the right choice to fill the vacant alder position. We have talked numerous times when attending neighborhood meeting about the activities and general safety within our district. Although she is not seeking to run for election in April, Libby would be a great asset in the transition between now and the general election in April. Her experience as with the neighborhood Associations and the fact she has served on the council in the past I feel makes Libby the right person to fill this position. Please feel free to contact me with any questions or would like to discuss further.

Thank You
