RE: Approval of a conditional use for a warehouse in the C2 (General Commercial) zoning district and an alteration to a planned commercial site at 3833 Busse Street

Dear Ms. Voichick:

At its June 16, 2009, meeting, the Plan Commission, meeting in regular session, approved your application for approval of a conditional use for a warehouse in the C2 (General Commercial) zoning district and an alteration to a planned commercial site at 3833 Busse Street, subject to the conditions below. In order to receive final approval of the conditional use, the following conditions must be met:

Please contact Janet Dailey, City Engineering Division, at 261-9688 if you have questions regarding the following six (6) items:

1. All work in the public right-of-way shall be performed by a City licensed contractor.
2. If disturbed area is greater than 4,000 SF, the applicant shall demonstrate compliance with Section 37.07 and 37.08 of the Madison General Ordinances regarding permissible soil loss rates. The erosion control plan shall include Universal Soil Loss Equation (USLE) computations for the construction period. Measures shall be implemented in order to maintain a soil loss rate below 7.5-tons per acre per year.
3. The plan set shall be revised to show more information on proposed drainage for the site. This shall be accomplished by using spot elevations and drainage arrows or through the use of proposed contours. It is necessary to show the location of drainage leaving the site to the public right-of-way. It may be necessary to provide information off the site to fully meet this requirement.
4. The applicant shall submit, prior to plan sign-off, digital CAD files to the Land Records Coordinator in the Engineering Division. (Lori Zenchenko) lzenchenko@cityofmadison.com. The digital copies shall be drawn to scale and represent final construction including: building footprints, internal walkway areas, internal site parking areas, lot lines/ numbers/ dimensions, street names, and other miscellaneous impervious areas. All other levels (contours, elevations, etc) are not to be included with this file submittal. Email file transmissions are preferred. The digital CAD file shall be to scale and represent final construction. Any changes or additions to the location of the building, sidewalks, parking/pavement during construction will require a new CAD file. The single CAD file submittal can be either AutoCAD (dwg) Version 2001 or older, MicroStation (dgn) Version J or older, or Universal (dxf) format. Please include the site address in this transmittal.
5. The Applicant shall obtain a Street Excavation permit for the installation of utilities required to serve this project. The Applicant shall pay the permit fee, inspection fee and street degradation fee as applicable and shall comply with all the conditions of the permit. This permit application is available on line at <http://www.cityofmadison.com/engineering/permits.cfm>.

6. The site plan shall be revised to show all existing public sanitary sewer facilities in the project area as well as the size, invert elevation, and alignment of the proposed service.

Please contact John Leach, Traffic Engineering Division, at 267-8755 if you have questions about the following four (4) items:

7. When the applicant submits final plans for approval, the applicant shall show the following: items in the terrace as existing (e.g., signs and street light poles), type of surfaces, existing property lines, addresses, one contiguous plan (showing all easements, all pavement markings, building placement, and stalls), signage, percent of slope, vehicle routes, dimensions of radii, aisles, driveways, stalls including the two (2) feet overhang, and a scaled drawing at 1" = 20'.
8. A "Stop" sign shall be installed at a height of seven (7) feet at all driveway approaches. All signs at the approaches shall be installed behind the property line. All directional/regulatory signage and pavement markings on the site shall be shown and noted on the plan.
9. The applicant shall post a deposit and reimburse the City for all costs associated with any modifications to Traffic Signals, Street Lighting, Signing and Pavement Marking, and conduit and handholes, including labor, engineering and materials for both temporary and permanent installations.
10. Public signing and marking related to the development may be required by the City Traffic Engineer for which the developer shall be financially responsible.

Please contact Pat Anderson, Assistant Zoning Administrator, at 266-5978 if you have any questions regarding the following three (3) items:

11. Provide two bike parking stalls in a safe and convenient location on an impervious surface to be shown on the final plan. The bike racks shall be securely anchored to the ground or building to prevent the racks from moving. NOTE: A bike-parking stall is two feet by six feet with a five-foot access area.
12. Lighting is not required. However, if it is provided, it must comply with the applicable ordinance standards. Lighting will be limited to .08 watts per square foot.
13. The site shares a zoning district boundary with a residential development to the north. This development must provide effective 6' – 8' high screening along the lot line of this commercial district adjoining a residential zoning district.

Please contact Scott Strassburg, Madison Fire Department, at 261-9843 if you have any questions regarding the following two (2) items:

14. Provide fire apparatus access as required by Comm 62.0509 and MGO 34.19, as follows: a) The site plans shall clearly identify the location of all fire lanes.
15. All portions of the exterior walls of newly constructed public buildings and places of employment and open storage of combustible materials shall be within 500-feet of at least TWO fire hydrants. Distances are measured along the path traveled by the fire truck as the hose lays off the truck. See MGO 34.20 for additional information.

Please contact my office at 267-1150 if you have questions about the following three (3) items.

- 16. That this conditional use for a warehouse shall be non-transferable and shall not apply to future owners and operators of the property. Future owners and operators shall make a new conditional use application for a continuation of this conditional use.
- 17. That the applicant shall revise the landscape plan so the warehouse location matches the site plan and include plantings that provide additional year-round screening.
- 18. That the exterior building colors be approved by Planning Division staff.

Please now follow the procedures listed below for obtaining your conditional use:

- 1. Please revise your plans per the above and submit eight (8) copies of a complete plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by these departments for their approval prior to sign off.
- 2. All wells located on this property shall be abandoned if no valid well operation permit has been obtained from the Madison Water Utility. City Engineering staff will review plans for compliance. Please note, this property is not in a Wellhead Protection District.
- 3. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting demolition and/or building permit approval.
- 4. No alteration of this proposal shall be permitted unless approved by the Plan Commission, provided, however, the Zoning Administrator may issue permits for minor alterations. This approval shall become null and void one year after the date of the Plan Commission unless the use is commenced, construction is under way, or a valid building permit is issued and construction commenced within six months of the issuance of said building permit. The Plan Commission shall retain jurisdiction over this matter for the purpose of resolving complaints against the approved conditional use.

If you have any questions regarding obtaining the conditional use approval, please contact the Zoning Administrator at 266-4551. If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at 267-1150.

Sincerely,

Kevin Firchow, AICP
 Planner

I hereby acknowledge that I understand and will comply with the above conditions of approval for this conditional use.
