The area that we are looking to add to our liquor license is in our parking lot. The reason we are looking to expand on our area is to have promotional events in the parking lot where we will sell and serve beer and burgers, brats, etc. This area would have extra security provided by our security company JBM Patrol on all event nights and would be open to the public to attend. Our initial purpose is to do a Friday night tailgate each week there is a home badger football game for our guests and those that may be in the area to find out who Americinn is and what we are all about. I hope that with this information you would consider our property for an extension of our liquor license as a great way for us to promote our hotel and gain more business for our area. Thank you for your time. Also attached is the area in which we are looking to do this event.
