Independent Living, Inc.
815 Forward Drive
Madison, WI 53711

Dear Rita,

Thanks for sharing ILI's future building plans with our association.

Your plans for senior housing independent living units and assisted living units will give our unit owners additional future living opportunities and yet enable our unit owners to stay in the neighborhood where their friends, country club, church, etc. are already located. Your building plans will definitely have a positive impact on our neighborhood.

Your plans for synergy with Cherokee Country Club should also add a critical mass that will strengthen the fitness and dining opportunities for our unit owners.

We look forward to you breaking ground and completing the first phase of your project.

Sincerely,

John Kanvik
CTCHI Board President
