

Legislative file 21856, Class B Combination license for My Buddies LLC,  
Agent Dale Wells, 4325 Lien Rd Madison WI 53704

As a resident of the east side of Madison for over 5 decades, and having children who went through grade school and high school with the Wells' children, I am writing in support of issuing the above license to Dale Wells for My Buddies LLC.

Further, I strongly believe in second chances for those who have foolishly erred in the past. Jason Wells and Joseph Johnson have "paid their dues" and are ready to be productive members of society, having a solid business plan and eagerness to succeed. I know, from raising children of that generation, that being given a second chance can be a life-saver for those who grew up slowly, perhaps recklessly, but are now mature adults in the true sense of the word.

I feel that Dale Wells should be given the opportunity to move forward in his business endeavors for My Buddies. As an over-60 east sider, I look forward to having a place to meet "my buddies" for food and a cocktail on Lien Road.
